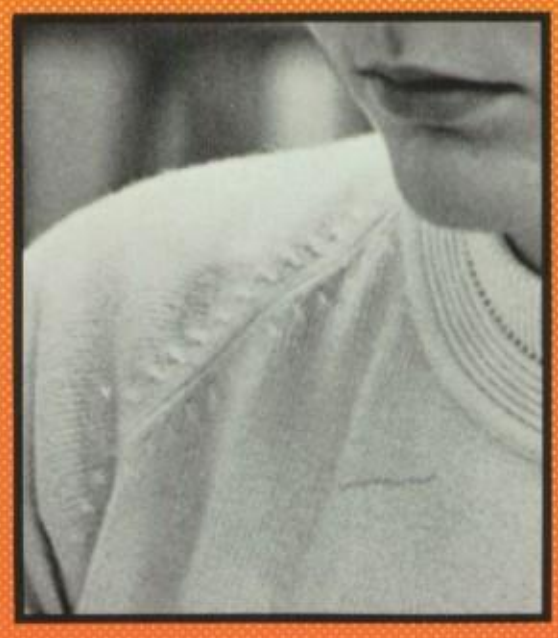
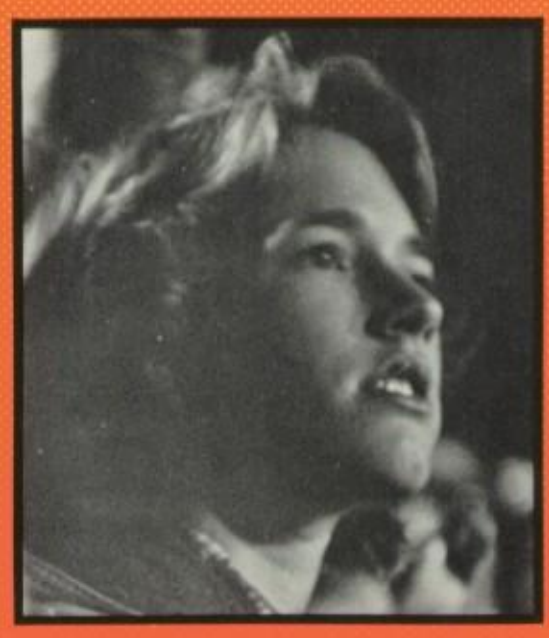
Throw sad reflections to the wind where they belong
Surprising things will rise to the top
And hand painted dreams flow
All of the pain has to go and find its space
For love will come and take its place.

Full time illusions always hurt you in the end
And haunting ghosts can replay their part
To keep tender smiles down
Don't let them turn you around
The answer's clear your peace has always been right here.

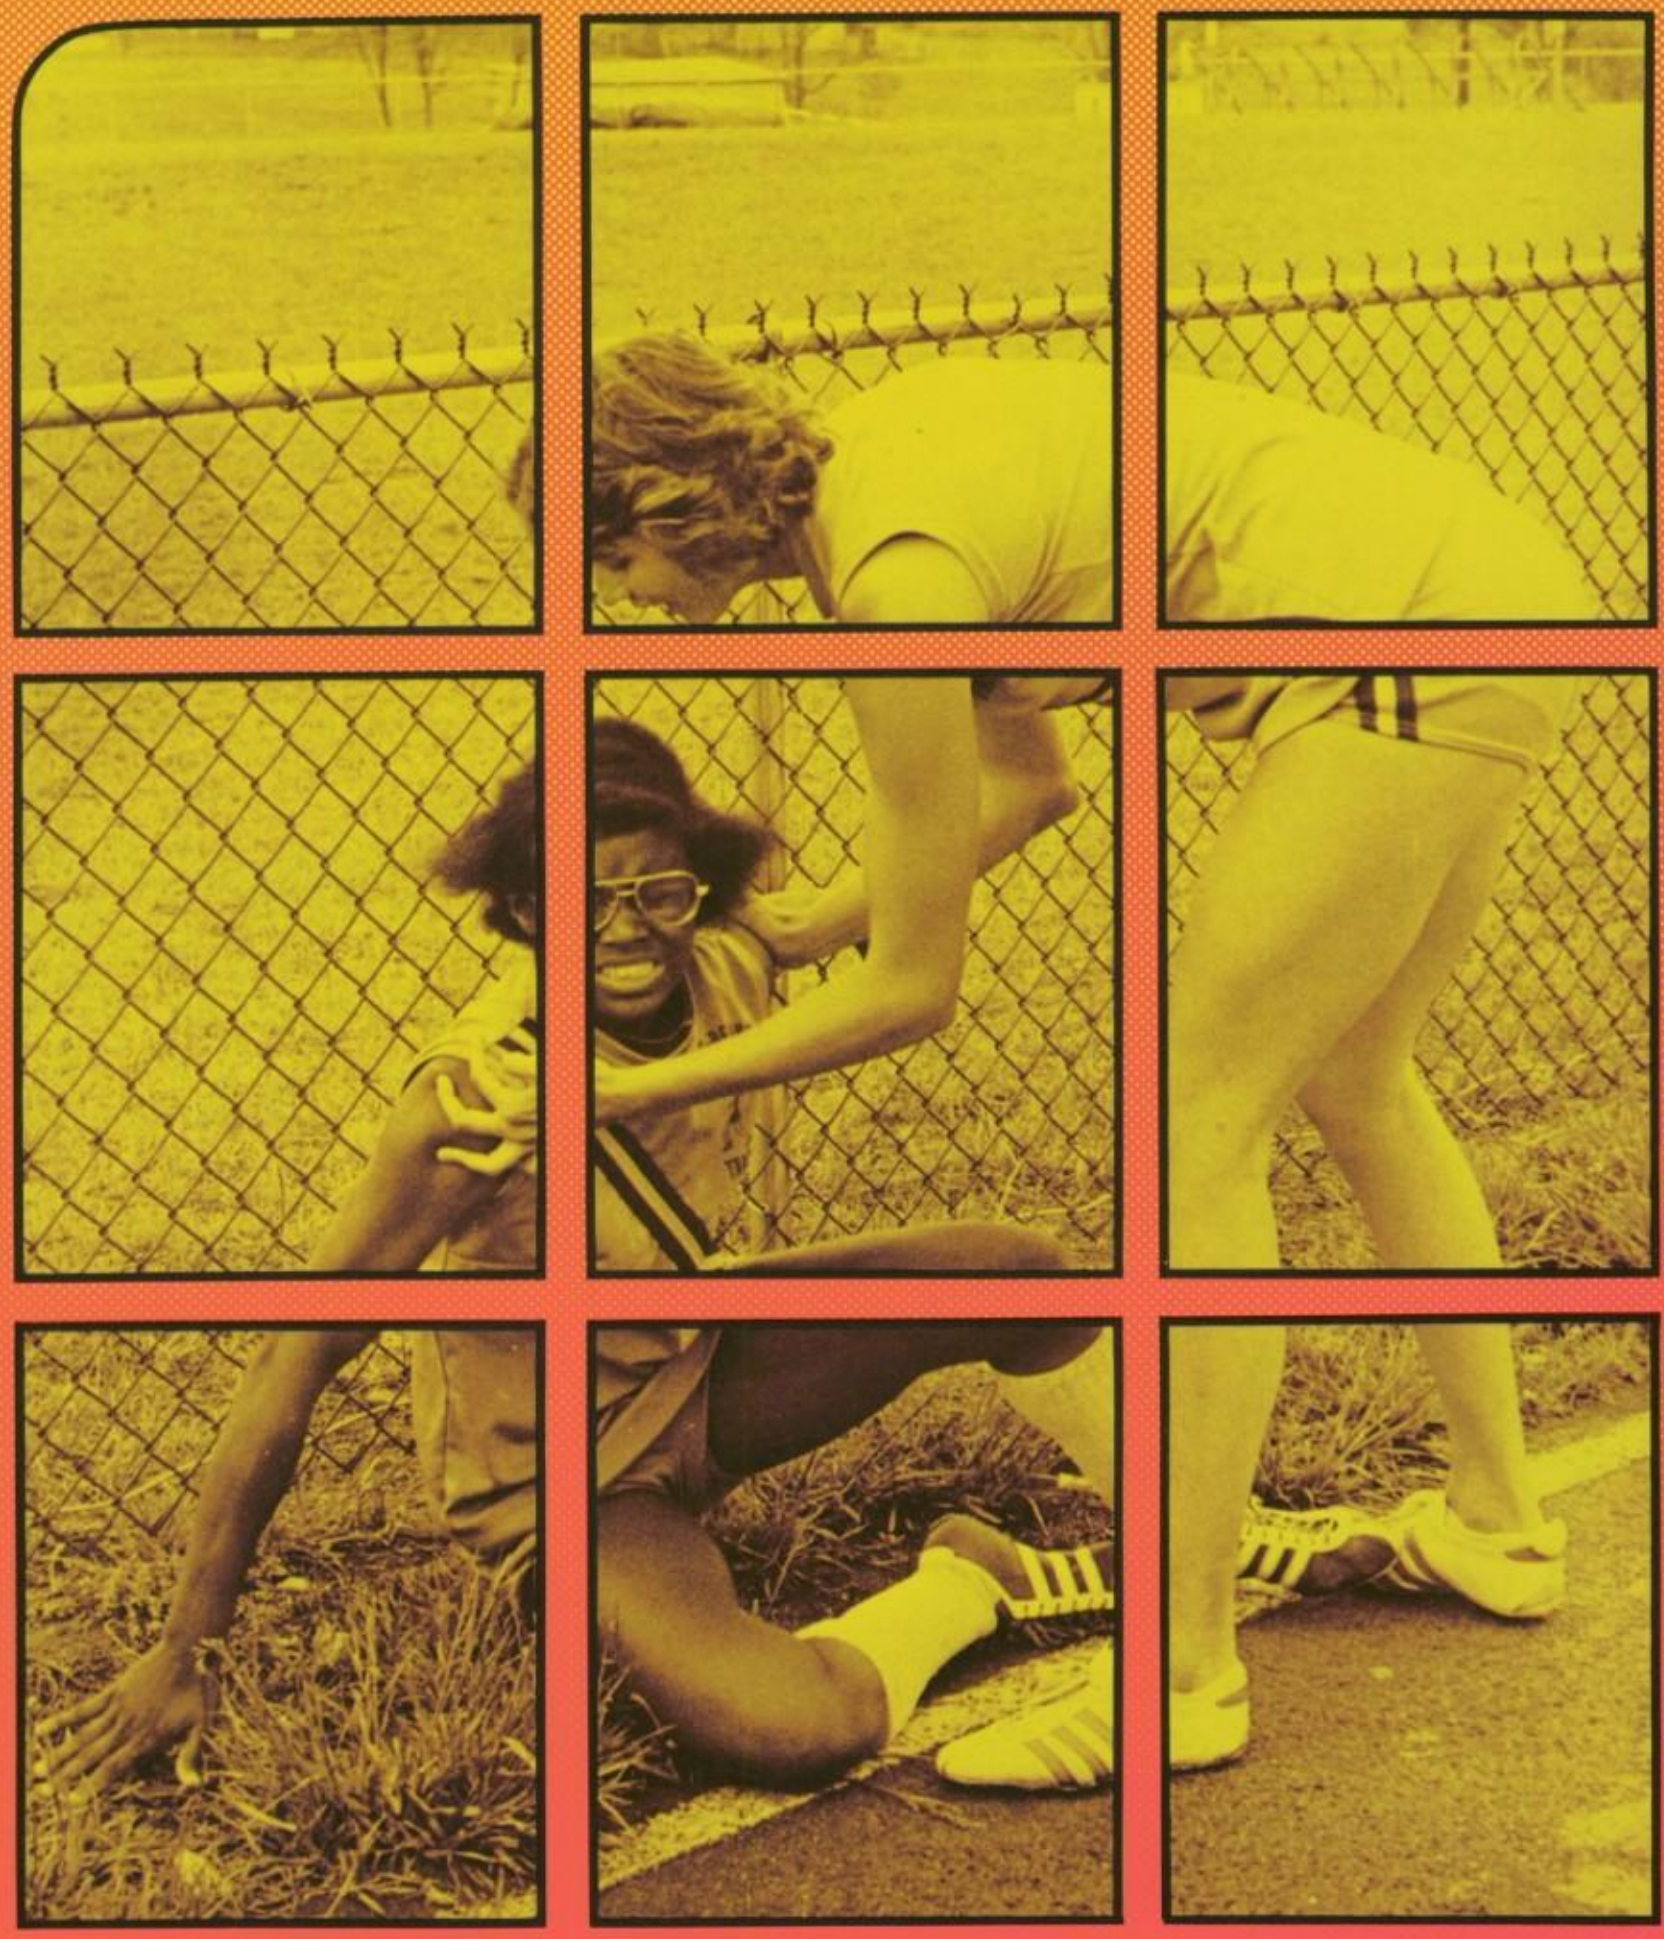
Throw sad reflections to the wind where they belong





Surprising things will rise to the top and hand painted dreams flow

All of the pain has to go and find its space



For love will come and take its place

Spring Fever

2

1. Mitch Brown takes a break to catch up on school news. 2. Melinda Fix and Alice Rogers use their lunch break to get their tans started.

After the last wind of winter sighs its frosty message, the first hints of Spring make themselves known. Among these hints is the common ailment Spring Fever.

Spring Fever is almost as common in its season as the common cold. Its symptoms are laziness, procrastination, impatience in work (as well as desire to get away from it) and a general feeling of misery stemming from being cooped up inside when the balmy weather is beckoning from outside.

The remedies for Spring Fever are as follows. One, the shades are drawn so the student cannot see what it looks like outside. Two, all work can be done in the wintertime, when the musty winter air drives one indoors. Then, when Spring comes, all work is finished and Spring Fever sets in without inflicting a guilt complex on its victims.

If these methods are ineffective against the illness, then the job is probable not worth doing. Forget Henderson

1. Mike Tate and Mrs. Larkey give it all they got in a demonstration run of the tricycle race. 2. Jerome Hay, Patty Nee, and Ann Carole Hertel use caution in catching the egg during the egg toss. 3. Students toss in shoes for the annual shoe race.

Matching their prowess against the best cud-chewers on the baseball team, Chris Morris and Chavela Sproles vied for a place in the chewing-tobacco spit contest. Although they did not break any records, the two girls managed not to get sick. Chris and Chavela's spits each came to approximately four feet. Charles Carty won the event with a distance of 22 feet.

The senior class of 1976, the over-all '76 Field Day winner, took a demanding lead at the first and held it throughout the contest.

Other Field Day events included the shoe-fly-shoe race, obstacle course, the hoop and grass sack race, egg toss, tricycle race, and the egg in mouth race.

Interruptions

Class get quiet. Come on now you animals . . . heel! I hope that we don't have any problems like we did yesterday. I've heard it from a reliable source that someone broke in and vandalized the intercom so we shouldn't be interrupted by all the announcements. PLEASE EXCUSE THIS INTERRUPTION . . . THERE WILL BE A BRIEF FACULTY MEETING IN THE LITTLE THEATRE AFTER SCHOOL TODAY — that dumb vandal — if you want anything done you have to do it yourself . . .

Soon high school will be memory-
Blurred images of lockers and desks,
The bubblegum stuck on the railing
Until after chorus,
A woman telling you that your potential
Had potential more than you could see
And you care little 'bout that because
The dance's tonight
And mother can't quite remember
That once a crisis came disguised
In too much chocolate and
Too little love. (but you will)
So close your eyes; it soon is done.

Now forever is ahead of you
And baby fat's behind.

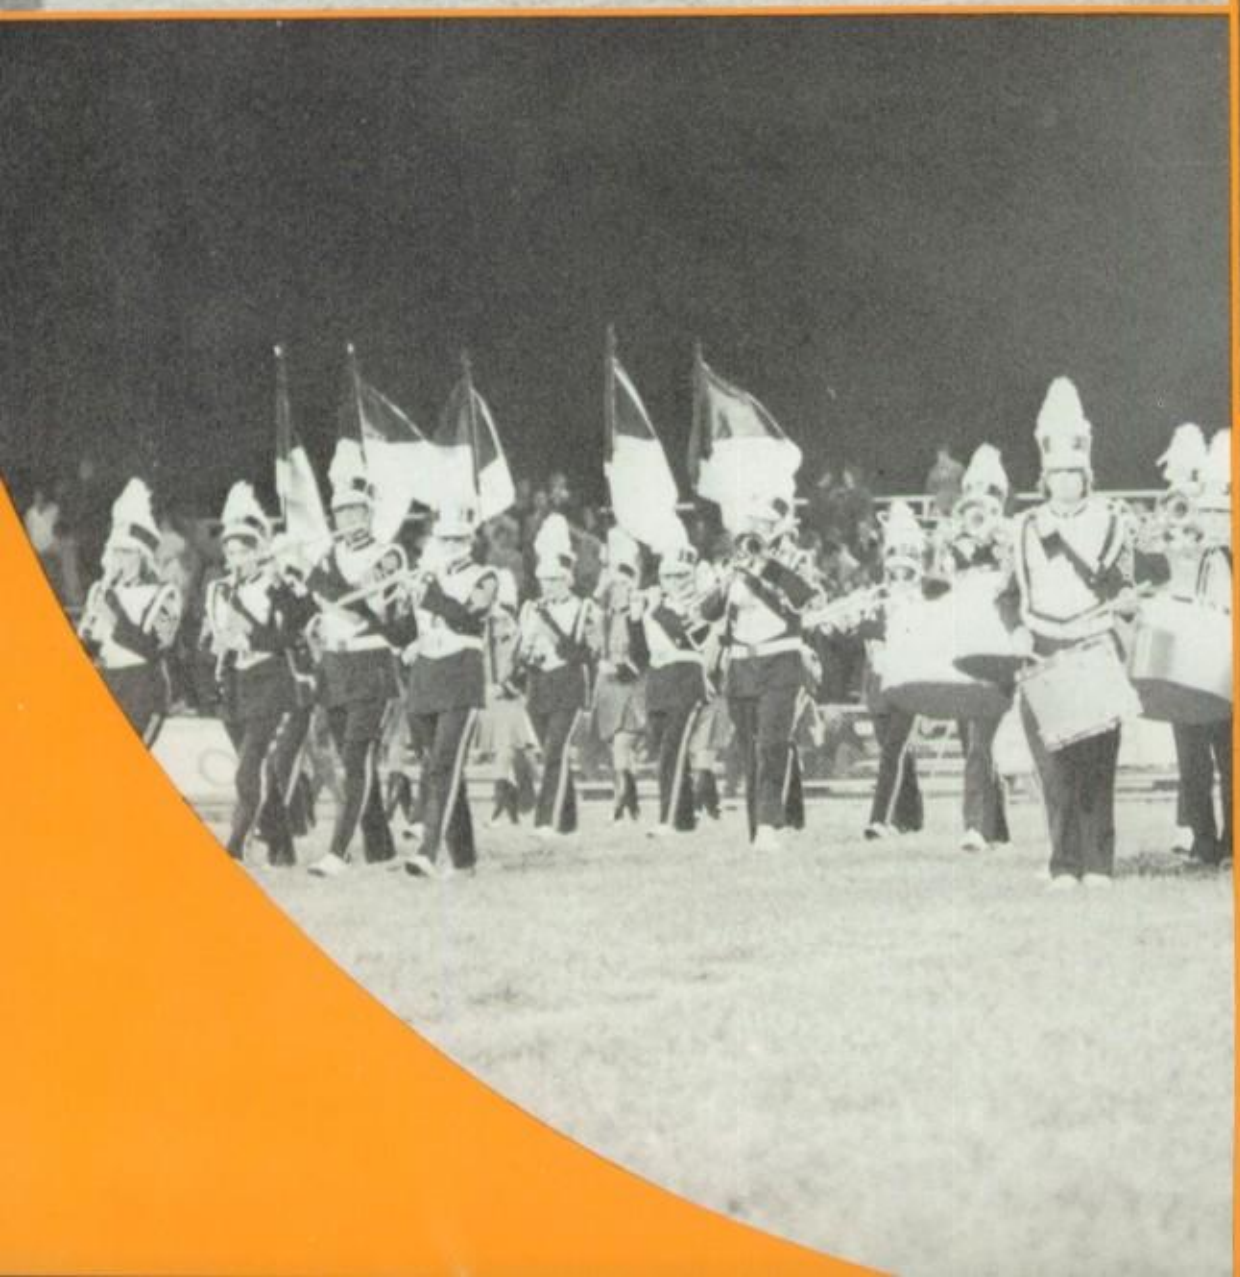
Tah . . . tah tah, do do do da da **Dum!** Everybody loves a parade. Kingsport joined the rest of the nation in its Celebration by hosting its own Bicentennial parade.

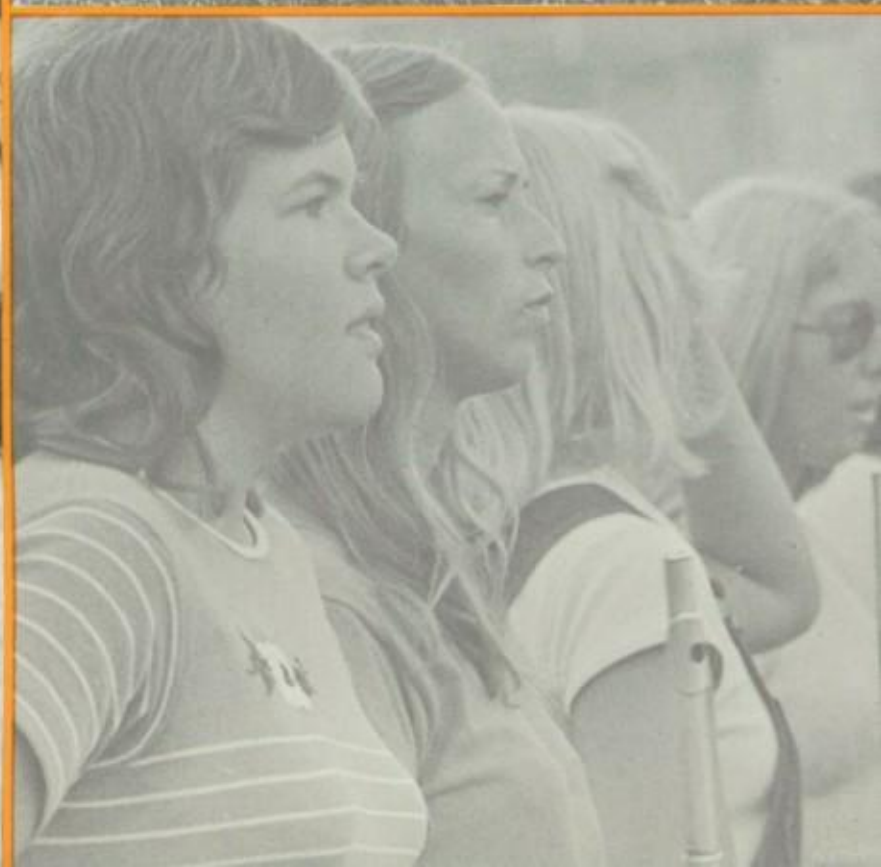
This year's parade differed from past parades in many respects. For example, it was televised. People stayed home in droves just to watch T.V. sets. Even so, the biggest crowds in Kingsport history lined the streets in the hopes of getting the best view of the live parade.

The parade lasted over two hours, and no wonder. There were more floats, more clowns, and seemingly more baloons than there ever have been before.

Even though many changes and innovations were made for this year (including having the parade on July 5th in deference to the Sunday Bicentennial), much tradition remained in the parade-including the multitude of horses that have wound up Kingsport parades for as long as many people can remember.

Did you Go to the Parade?





Did the band do anything this summer?

The summer of 76 was an exciting one for the Dobyns-Bennett band. It began with many hard practices in preparation for the town's bicentennial parade. Commemorating our nation's 200th birthday, the band marched through the town playing a few old, yet favorite tunes. After the parade, a rest was in order — but only for a few weeks. With football season right around the corner, it was time to get down to some serious marching. Two weeks of basics and learning the music and it was off to band camp. This week meant much fun and many late bedtimes, early risings, marching, shaving creme fights and more marching. After band camp, it was time for two football games before the start of school. Following the games, most members made their way to the Pizza Hut, a favorite meeting place of all.

Every summer for the past few years students have been reminded that the school bells will soon toll again. As usual, appointment cards for fall registration arrived.

Registration was different in many respects from that of previous years. Time and time again, students echoed "Do I **have** to take my picture before I register?" "Can't I register **without** taking my picture?" "Twenty dollars!" "What? I can take Health Careers? or Building Trades?" "I **can't** choose teachers or periods!" "You mean I have to take economics?" The vacational wing was open for business, and over half the school's 2000 students took advantage of the deal.

To complete the week, ninth and tenth graders toured the building under the direction of the Student Council. "I know I'll get lost!" "This school is so big!" "It all looks alike!" "Hey, look at the ramps!"

Did you get all the classes you wanted? How many times did you get lost?

I'll Play For You

Who is your favorite Rock Group? Why?

The Monkey's	They're a barrel of fun.
E.L.O.	This group turns out good music instead of "popcorn" music.
Aerosmith	They're the No. 1 group in the nation.
Queen	Everything they sing they can do themselves; no studio gimmicks, no synthesizers.
Kansas & Starcastle	I love all their songs.
Chicago	They're good musicians.
Eagles	I like listening to their music.
Heart	Their music matches the beauty of the performers.
Earth, Wind & Fire	It's not hard rock.
Gary Wright	It's good up-to-date music.
Ohio Players	They've got soul.
Kiss	They really go out on stage to please every single person in the audience.

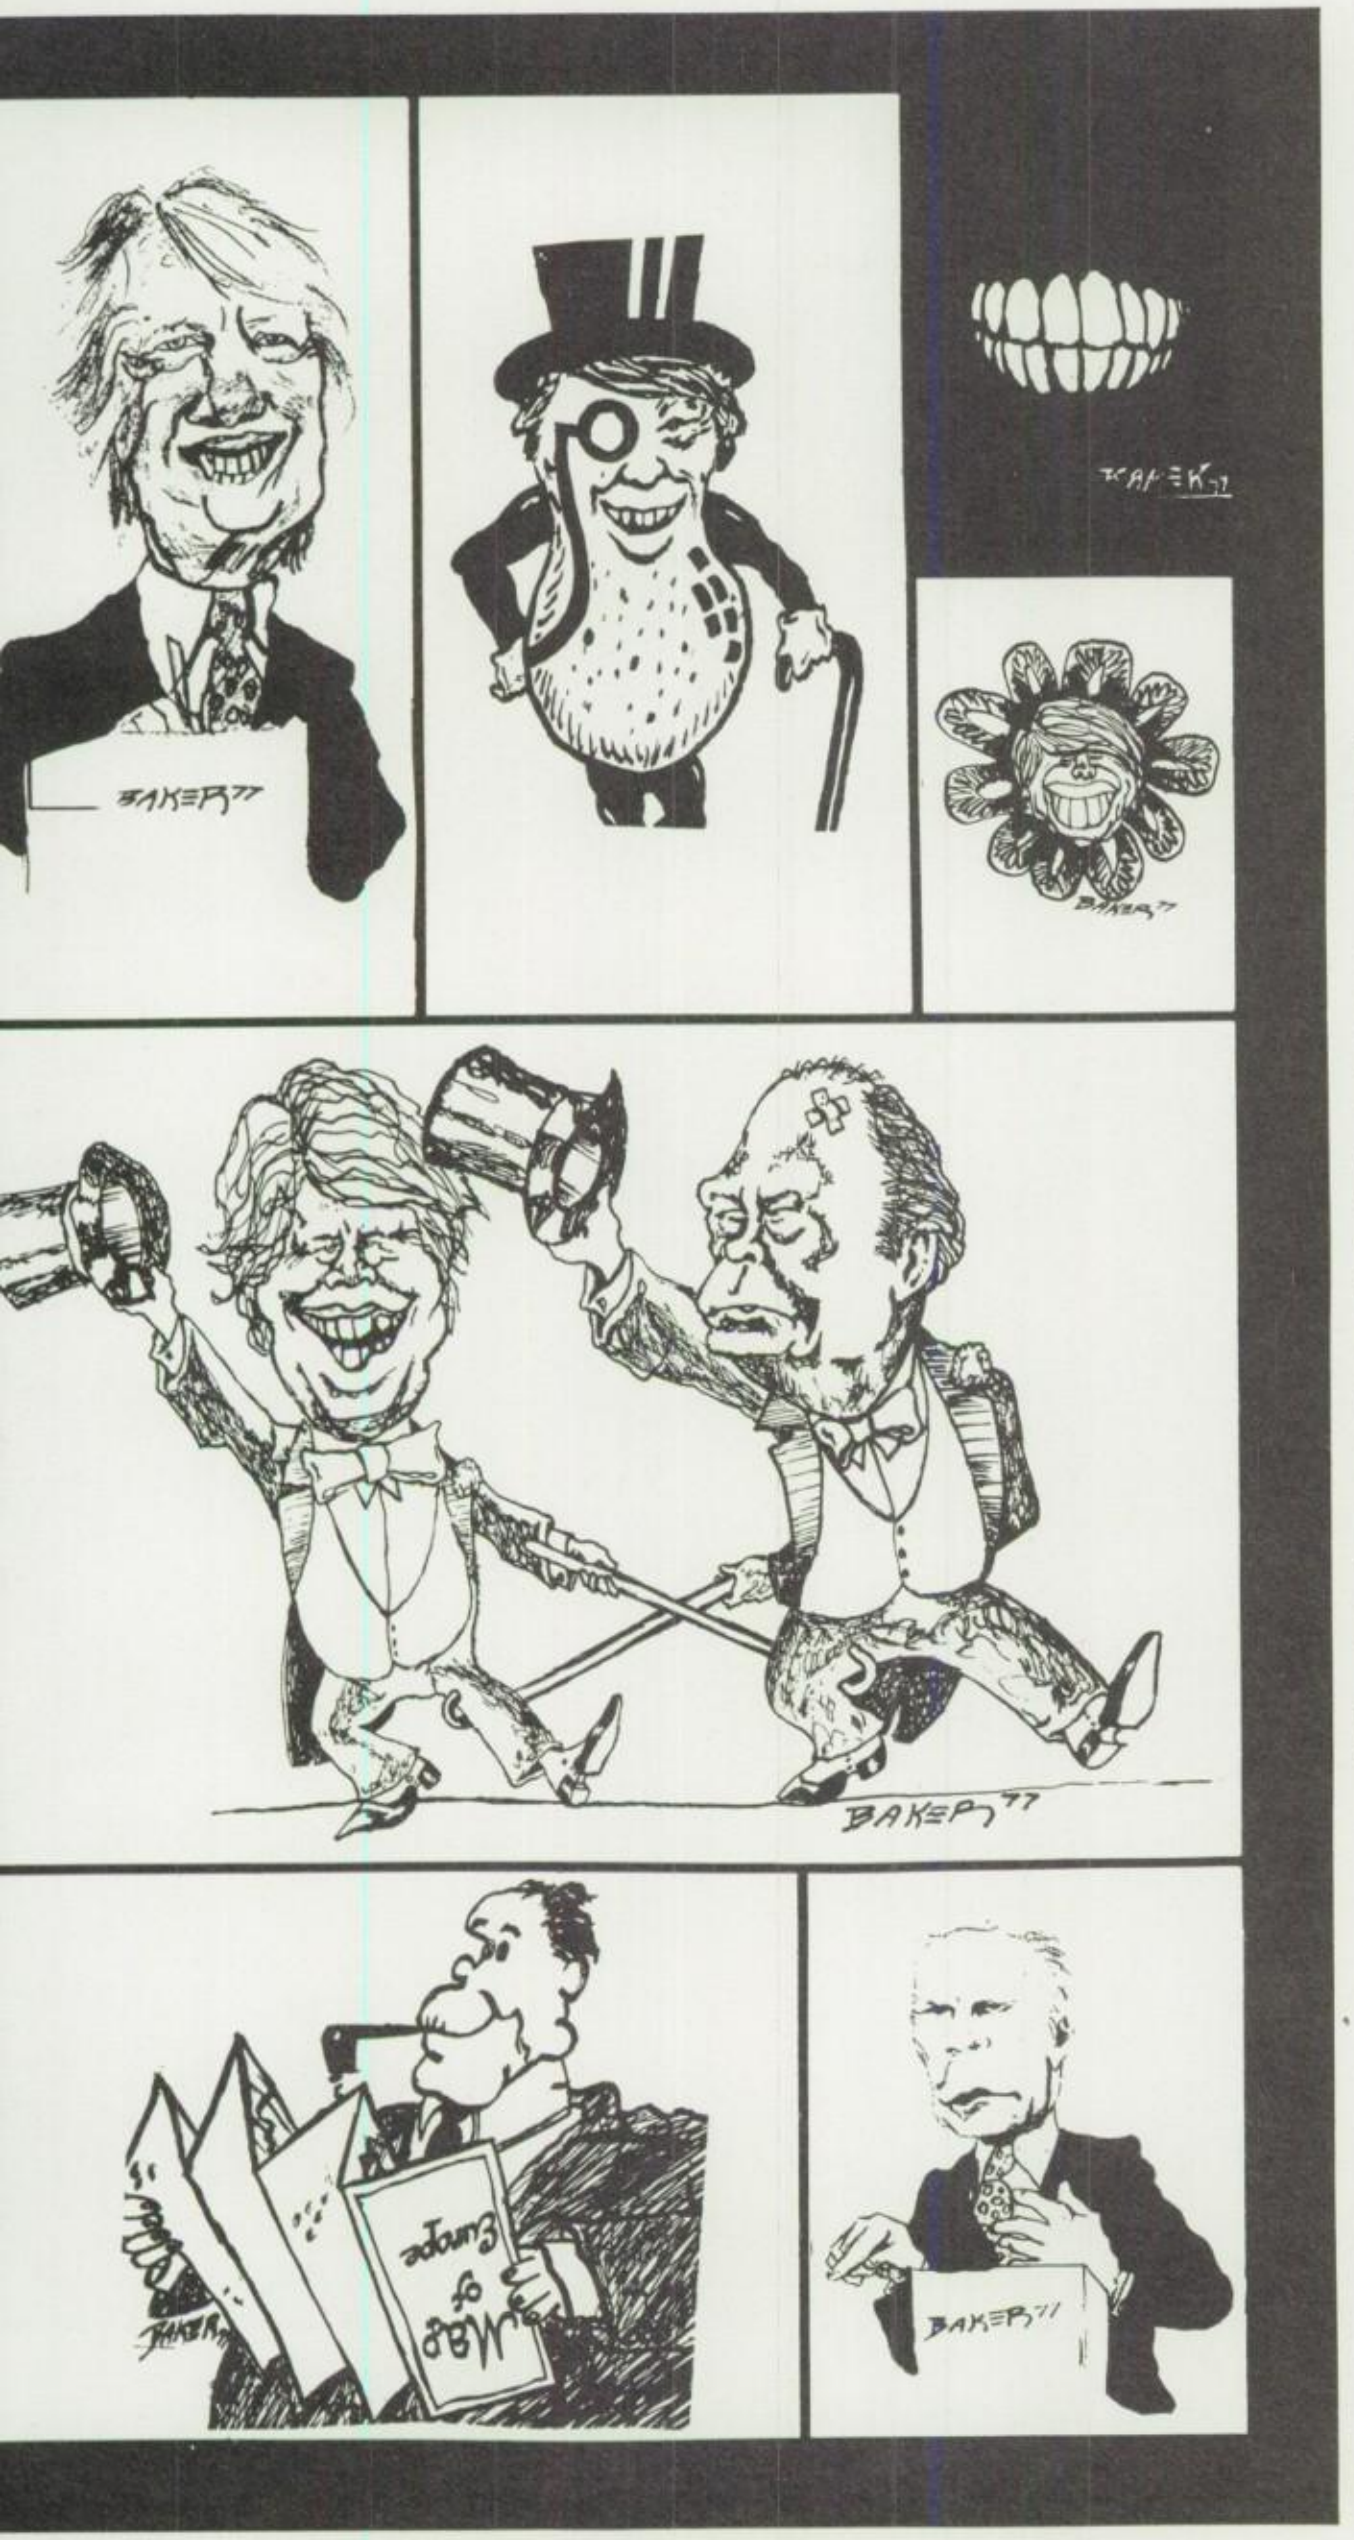
Jimmy Carter: Not Just Peanuts



Election '76

Usually by 9:00 p.m. on election night the news media has made a prediction, the outcome of a presidential election; however, the results of the 1976 election were not predictable till 3:00 a.m. Wednesday, November 3. By Wednesday afternoon Carter had won 23 states and the District of Columbia for 297 electoral votes; President Ford had 27 states with 241 electoral votes. Among the Ethnic groups Carter won 84% of the Black vote, more than 56% of Southern White votes (Nixon had won 77% of their vote in 1972), and 50% of the White Protestant vote compared to McGovern's 30% in 1972. The Jews who are traditionally heavily Democratic gave Ford 45% of their vote. In December the electoral college voted in Jimmy Carter as the first deep southerner to be elected President since Zackery Taylor in 1849.

Winter At Work

Record Winter Hits The Country

The winter of '77 was the one we shall tell our grandchildren about one day. With frozen water pipes and a shortage of natural gas, the whole country was set into chaos. Even Dobyns-Bennett closed, a sign of extreme national emergency. The papers were full of tragedies the weather caused, and in the evening news the weatherman was the star of the show.

Maybe it shows we aren't omnipotent. We ran out of road salt, people froze to death in Buffalo, and in Tennessee some schools were closed for an entire month. We are used to being in control of our environment; we would like to play God — but the winter of '77 showed us who is really boss around here.

Rough Ride

Hey you, get on and find a seat will ya? "WELL, I DON'T KNOW ABOUT YOU, BUT MY SEAT'S IN THE SAME PLACE IT'S ALWAYS BEEN." Let's go on strike against the driver. "WELL I'M AFRAID IT'D HAVE TO BE A SIT-DOWN STRIKE," Will you close the emergency door? That noise is driving me crazy. "SOMEBODY MOVE OVER WE'VE STILL GOT TO FIT 5 MORE ON. COME ON FOLKS THREE TO A SEAT AT LEAST." Hey I think the bus is moving. Either it's the bus or the school. "LET'S STOP AT THE 7-11. I STILL HAVEN'T HAD ANYTHING TO EAT SINCE BREAKFAST." I don't think we'd better. We'd have to take the top off to get everybody out! "ANYBODY KNOW ANY GOOD JOKES?" Sure, knock, knock . . . "I SAID GOOD JOKES." Oh, excuse me. I didn't mean to disturb you. "*ZZZZZZZ* . . ." Forget the 7-11 it'll be time for supper by the time we get home. "I THOUGHT OF A GOOD JOKE. THE BUS DRIVER." We better not get lost. If we do, that means we're getting claustrophobia for nothing.

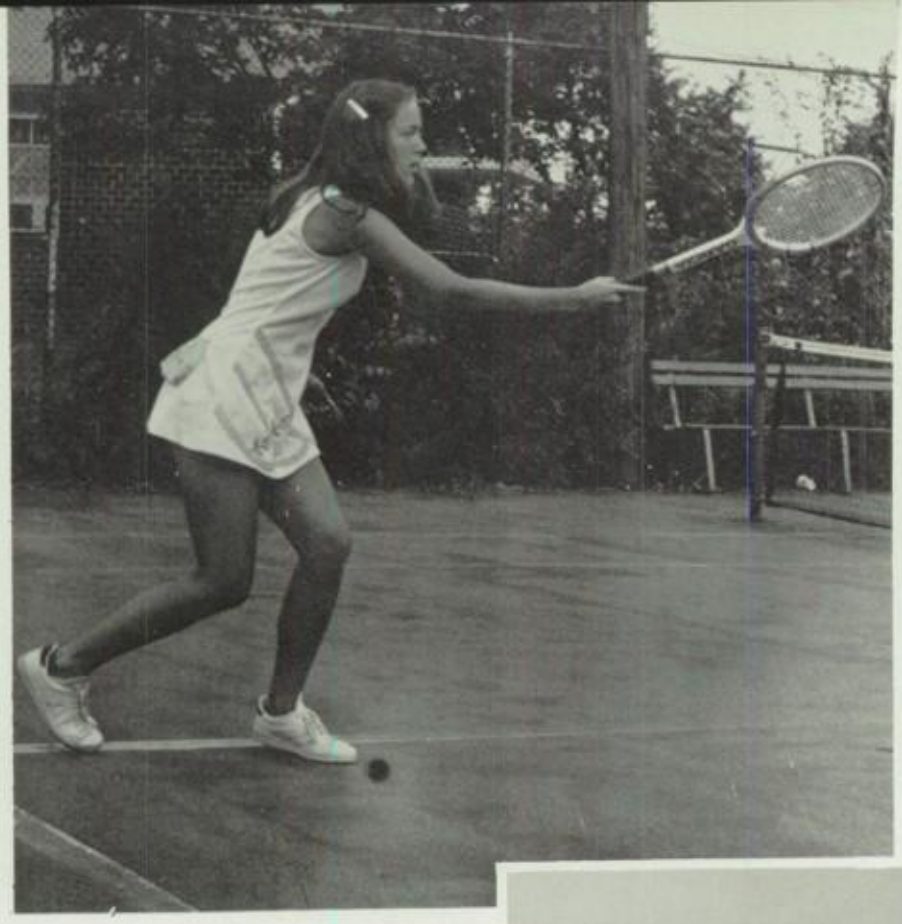
DISTRICT CHAMPIONS

New Record Set

The 1976 Boys' Tennis team compiled 15 wins against 2 losses to set a new school record, the most wins in one season in the history of D-B. Mitch Toomey, Bill Rogers, Tom Odom, Greg Midduagh, and William Schirmer led the team to the new high. Scott Arnold, Eddie Clevenger, Hal Hill, Robert Janutolo, Blake Long, Larry Mayfeld, Dickie Mire, Roger Mire, Eric Pardue, Wayne Sams, and Don Tucker completed the squad.

The team captured the District Championship title and advanced to 2nd place in the Region. Having placed 1st in singles during the Regional tournament, Toomey ended the season as one of the top four netters in the state.



A Battle For First

The 1976 Girls' Tennis Team ended their season with an impressive twelve wins to one loss. Jane Reed, the team's number one player, led the girls with a personal 10-2 seasonal record. Number two seed Laura Noris and number three seed Jenny Jinks, each with a 10-2 personal record, assisted Reed. Katherine Terrell, number four player, added her touch with a personal record of 11-2. These four were assisted by the rest of the team, which consisted of Liz Jackson, Karen Caffey, Lisa Ammons, Susan Dulaney, Elizabeth Bruce, Donna Overton, and Barbara Willis.

Reed and Norris teamed up to play doubles in the District Tournament. They battled to the end only to come in second to Tenn. High. In singles, Reed placed third with Johnson City and Tenn. High coming in first an second respectively.

Tribe Becomes Big Nine Champs

The 1976 Dobyns-Bennett Baseball team compiled a record of 22 wins against 8 losses. Indian Coach John Whited, assisted by Coach Hoover, piloted the Tribe to the Big Nine Championship. With only a few returning players, the '76 season was a building year. Final record surpassed pre-season expectations.

Tim Harris sparked the offense with 34 hits and 38 RBI's. David Arnold punched 30 hits while Marty Browder slugged in 28 runs, second to Harris.

John Hanrahan led the pitching staff with a 7 and 1 record. Mark Rosenbaum followed with a 6 and 2 record. Mark Osborne and Bill Rowland each had a 5 and 1 record. Rowland led the pitching staff with the lowest era of 1.28.

The season's Most Valuable Player was David Arnold. The pitcher with the best arm, John Hanrahan, received the Mr. Smoke Award. The player with the most hustle, Phil Yokle earned the 100%'er award. The sophomore of the year award went to Phil Maupin, who showed the most potential.

The boys' golf team scored 58 wins and 8 losses as their overall record for the 1975-1976 season. They were the runner-ups in the Big Nine Conference, District I Conference and the Middlesboro invitational Tournament. Jimmy Hudson rolled in the victories by winning the Big Nine Championship and tied for 4th place in the Region I tournament. Ricky Hudson won 2nd place in the Middleboro invitational Tournament and tied for 4th place with Greg Francisco in the District I Championship.

Indians Bring Home Region Championship

The Dobyns-Bennett football team finished it's season with a record 10 and 2 and the Region 1 Championship. Besides winning the Region the Indians brought home the Big Nine Title. The Redmen, who were not favored to win the conference, scalped every opponent while allowing only 14 points to be scored on them during inter-conference play. In play-off action, D-B easily handled Knox Central but was tripped up by Chattanooga Bradley-Central in semi- finals.

In a pre-season commentary Head coach Fred Walton divided the Big Red's season into two smaller seasons, the first four games then a month of away games. Walton said the key to the season would be the first four games which were before Oak Ridge, defending State Champion.

The first four games of the season were cake walks for the Red Machine. After beating Johnson City for the first time at home in 16 years, (14 to 8), D-B had three shutouts. By the end of this mini-season the Indians had compiled 1304 total Offensive Yards, for an average of 326 yards per game. The Brick Wall Defense allowed a total of 346 yards for a game average of 86½ yards. The eight points scored by Johnson City on an 81 yard TD pass and extra point stood alone in points against the Defense to this time. The offensive unit rolled up 115 points.

To start the second season, the Indians were dealt their only seasonal loss by Oak Ridge 14 to 7 in overtime. The Big Red out gained the Ridgers by 101 yards but this was of little consequence. After D-B's Challenge of the number one team in the state, the Indians rebounded with a string of four shutouts and a runaway against Sullivan Central. The Cougars scored six points to complete the 14 point total of interconference scores against Dobyns-Bennett.The Big Red Machine had little trouble with any of these rivals. defeating Elizabethton 27-0. The Redmen also easily conquered the pre-season conference favorites, Tennessee High Vikings, 38-0 to give Dobyns-Bennett the Conference Championship. Besides winning the Conference Championship the Indians were honored by receiving the Sportsmanship award for the third time in five years.

The Offense finished the season with 3705 Total Offensive Yards and 293 points for an average of 24½ points per game, double the previous season. The Brick Wall Defense allowed only 1256 yards and a miraculous 59 points.

David Earles led the team in the rushing category with 1305 yards for an average of 7.3 yards per carry. Earles broke the 1,000 yard mark in the Bristol game. Earles also led the scoring department with 72 points on 12 touchdowns. Marty Browder rushed for 429 yards for an average of 4.9 Y.P.C. Browder passed for 568 yards averaging 13 yards per completion. He accounted for 20 points himself and passed for 42 points. Watt Jackson, who was side lined for the season in the Greenville game, gained 410 yards and had a rushing average of 6.9 Y.P.C. Todd East, Jackson's replacement, gained 325 yards for an average of 5.2 Y.P.C. Jackson and East scored a total of 36 points a piece. Phil Maupin combined his placekickin and running skills to score a total of 47 points. One of the more memorable plays of the season was Ronnie Horton's record setting pass interception return of 101 yards for a touchdown.

DB VS. JOHNSON CITY

Dobyns-Bennett toppled the Hilltoppers at home for the first time in 16 years. The Indians had to come from behind late in the fourth quarter to defeat Johnson City 14-8. For the final score of the game, the Big Red marched 63 yards in 5 minutes and 42 seconds.

The Redmen totally dominated the game with 301 Total Offensive Yards. Of these yards David Earles rushed for 195 and Watt Jackson picked up 105 yards. The Big Red held the Toppers to 132 Total Offensive Yards. Eighty-one of those yards was Johnson City's only completed pass of the game which neeted them six points.

DB VS. OAKRIDGE

Dobyns-Bennett was outlasted by Oak Ridge, in overtime, 14-7. In this contest, between the top two ranked teams in the state, the fire really flew.

The first half was a stalemate with nether team scoring. In the third quarter the Ridgers scored first. On the following possession of the ball the Big Red drove the length of the field. Watt Jackson carried the ball over for the vital TD and Phil Maupin added the point after, to tie the game 7-7.

In the fourth quarter it seemed as if the Indians could climb on top after George Long interceped an Oak Ridge pass. The Big Red Machine marched to the 15-yardline of Oak Ridge and tried a field goal. The attempt failed. This plunged the teams into a tie breaker in which the Wildcats scored a touchdown and won the game.

HOMECOMING

Dobyns-Bennett won their homecoming game by blowing the Elizabethton Cyclones out of the stadium. The score was 27-0 in favor of the Indians.

Quarterback Marty Browder took charge of the team and led them in this route. He passed for 91 yards and two touchdowns. Browder added another TD with his dazzling running. His touchdown passes were to Bill Newell and Mike Breeding of 29 and 36 yards respectively. Alpha McNiel made a 15 yard scoring run. Phil Maupin added three extra points.

On defense Bill Newell, Ronnie Horton and Kenny Flemming all intercepted passes. These interceptions helped the 'Brick Wall' defense keep the Cyclones total offense yardage to only 122. The Big Red Machine rolled up 289 total offensive yards.

D-B VS. CENTRAL

The 'Big Red Machine' finished their regular season by defeating the Central Cougars 27-6. The Indians served revenge for last season's loss to Central in a questionable game.

Marty Browder passed for 174 yards and three touchdowns. On top of his passing he ran for 22 yards. Todd East led the Big . Red with 85 yards rushing. David Earles ran for 42 yards and a touchdown finishing the year with 1170 yards on 162 carries. The total offensive output again topped 300 yards with 326 yards.

Indians Compete For State Title

In their first playoff game Dobyns-Bennett ran the Knox Central Bobcats back to the hills. The final score was 17-7 in favor of the Redmen which gave them the Region 1 Championship. The team was lead by Marty Browder who ran for two TD and 36 yards. Browder also passed for 37 yards. Phil Maupin rounded out the scoring with a fieldgoal and two extra points.

Todd East relieved much of the rushing load of David Earles by rushing for 82 yards. Earles carried the ball for 79 yards. The offense again surpassed the 200 yard mark by compiling 236 total offensive yards.

Defensively the Brick Wall Defense had control of the field. The Bobcats were able to squeeze out only 92 yards, 69 of them were by the huge running back King Irwin.

Bob McCall, Clark Aspy, Terry Lane, and Craig Denison each recovered a Central fumble and Everett Mechem intercepted a pass. The Bobcats only score came from a blocked punt that was caught and carried for a 13-yard touchdown run.

By defeating the Bobcats, Dobyns- Bennett was hurled into the Semi-finals which pitted the Indians against Bradley County. This was a bad might for D-B fans. The Big Red was upset by a score of 24-18. The game was riddled with mistakes and improbable plays.

The Indians touchdowns were scored by David Earles, on a 62 yard run, Steve Jones, on a 19 yd. pass interception return, and Bill Newell, who returned a punt 64 yards. Even though the Indians were out gained 2 to 1 in offensive yards, the game was close. This contest closed the 1976 Indians record book with 10 wins against 2 loses.

J.V. Has Building Season

The Junior Varsity Football team had a disappointing season closing with a 1 and 5 record compared to the previous season's 6 and 2 record. Head Coach Rodney Wampler called it a "building season". Coach Wampler was impressed by the defensive unit's play. He was also pleased with the ability of quarterback Kenny St. Clair to hit splitend Barry Walton with the long pass. The St. Clair — Walton Connection generated all the J.V.'s touchdowns. Linemen Bill Light and Richard Hinke led the defense and combined with Dick Bourne to build an offensive line.

Winning Season For Freshman

The Freshman Football Team finished with a winning season of 3 and 2. Jeff Church and David Templeton led the team in scoring while Jeff Garwood and John Burton were the leading pass receivers. Head Coach Wayne Peters made the decision to alternate quarterbacks. John McJunkin was used to engineer the running attack. Preston Salley navigated the aerial attack when a pass was called for. The offensive line, that opened the holes for the backs and protected the QB's, consisted of Mike Miller, center; Mark Hensley and Chris Whittle, at guards; and Jeff Johnson and Jim Reasor were the tackles. Standouts on the defensive line were John Begley, tackle; and Pat Basinger, end; while linebackers Danny Salyers and Carl Matherly consistantly plugged the holes. Clark Carter and Ricky Russell, being defensive backs, protected very well against the pass.

Track & Field

Girls Receive Runner Up Positions In Track

The 1976 girls' track team sped, jumped, and hurled their way to runner up positions in the Big Nine Conference, District One, and the Kingsport Relays. Angel Swaggerty, throwing the discus, qualified for state competition after winning the district and placing third in the regional. Captain for the team was Terri Gott, and alternate captain was Jerry K. Norwood. Most Valuable runner for the 1976 season was a junior, Kim Harrell. Most Valuable in field events was sophomore Brenda Babb. Terri Gott took the Outstanding Senior award; Elaine Watterson was Outstanding Junior; and Angel Swaggerty captured the sophomore honor.

The Stars Shine Again

The 1975-76 Dobyns-Bennett track team continued its tradition of winning once again. They compiled a record as Blue Devil Relay Champions, Big Nine Conference Champions, Kingsport Relay Champions, District I Champions, and 2nd in Region I.

Talented tracksters were John Harrison, runner of the year; Jim Elmlinger, trackman of the year; Kenny Fleming, most improved; and Danny Boye, most dedicated.

Setting Big Nine Conference and Regional records helped the 440 relay team to receive most outstanding performance.

Dobyns-Bennett had two people making All-State. Jim Elmlinger who ran cross country and John Harrison who ran cross country and track both received this award.

Jeff McGinnis was the only person who made All Southern track team. He also set a new state record in the high jump of 6'9" and was fieldman of the year.

CROSS COUNTRY

A Year For Rebuilding

1976 was a rebuilding year for the Dobyns-Bennett Boy's Cross Country Team, with only one returning man from the previous season. The '76 squad came in third in the Big Nine Conference, second in the Kingsport Invitational and sixth in Region I Competition.

Senior Tom Elmlinger and junior Steve Starnes were named to the All Big Nine and All Region I teams.

The future looks good for the freshmen team as they were undefeated this season. The freshmen were Big Nine Champs and first in the Kingsport Invitational.

1976 was the first year for the Girls' Cross Country team here at Dobyns-Bennett. The girls were extremely inexperienced with two-thirds of the squad consisting of freshmen and sophmores. The team placed fourth in the Big Nine and tenth in the TSSAA Regional meet.

VOLLEYBALL

The 1976 Dobyns-Bennett Girls' Volleyball team compiled an overall record of 8 wins against 13 losses during their first year as a TSSAA sanctioned sport. The squad, managed by Lakie Hensley, Chevala Sproles, and Neresa Teague, compiled a 5-7 win-loss record in the Big Nine. Although a very young team, the girls placed third in the Big Nine Tournament October 9, 1976.

New Sport Begins

This season was a building season for the Dobyns-Bennett Wrestling Team. Considering it was the first year D-B had a wrestling team, Head Coach Tony England said that " our lack of experience killed us this year." I feel that we will be able to give it a run for the money next season because we are only losing Bob McCall, to graduation." The team's record was 0-10.

The best wrestler on the team this season was Clark Carter. His record in the 105 lb. classification, was 7-3-1. He also won the prestigious Danial Boone Invitational in his division. Mark Bowery placed forth in the Regional Tournament under the 98 lbs. weight Division. Other good wrestlers on the team were Bob McCall and David Poe, a good prospect for next year.

Girls Win 2nd In State

The Dobyns Bennett Swimming and Diving Team finished the 1976-77 season with possibly their greatest season yet. The Girls team, led by Seniors Patty Rye, Marianne deBondt, Kim Harrell, Sally James, and Elizabeth Watson were able to complete the first undefeated regular season in the history of the school. Rye came through the Big 9 undefeated for the second consecutive year, while deBondt made it her third year in a row. Together, the girls broke twenty school records. The squaws were first in the Big 9 Relays and second in the Big 9 Championships.

The girls suffered a heartbreaking loss in the state championships coming in second to Tennessee High, 135-128. Individually, Rye placed first in the 200 IM for a state record and second in the 500 free for another state record. It was the girls best finish ever in the state with the top two teams in the state out of 47 being from the Big 9.

The boy's team finished an exceptional year going 9-1 without a senior on the team. Led by juniors Andy Brown, Hugh Kitzrow, Mark Owen, Sophomores Wes Burdine and Dana Eckart, and freshman Steve Brown, the Indians were able to set twelve school records and two conference records. The boys finished second in the Big 9 relays, second in the Big 9 Championships and tenth in the State Championships. The boys 400 Free Relay, consisting of Burdine, Brown, Eckart, and Kitzrow, came in third in the state to set a school record.

Girl's Varsity Basketball

Girl's Score High

The Girl's Varsity Basketball Team, coached by Randy Quillen, head, and Brenda Hurst, assistant, is having a high scoring season. There are three players on the team with tripple figure total scoring. The leader of these three is Brenda Babb, a junior. Babb, from her forward position has a total of 415 points and is shooting 48% from field and 80% from the foul line. She holds the school record for most points in a game with 45, against Davy Crockett. Brenda also posses an outstanding statistic of 21 points per game average. Elaine Watterson, a senior, forward has recovered from a mid-season injury to be second in the department with 280 points for an average of 15 points per game. Watterson leads the team in assist with 31. Maureen Danehy rounds out the three scores in triple figures with 122 points and averages 6.5 points per game. Danehy, from her forward position as a junior, is second in assists with 30. A sophomore forward, Judy Vaughn, is almost in the three diget club with 94 points, averaging 5 points per game. Brenda Babb leads in offensive rebounds with 77 closely followed by Maureen Danehy with 74 and Elaine Watterson with 58. Debbie Hill, senior and Melissa Wheeler, sophomore have improved greatly.

The defensive unit is led by a junior guard Swagerty, with 124 rebounds, Janet Helms, Christine Danehy, Colleen McCoy and Anne Pope, all sophomores, each have pulled down over 30 rebounds. Amy Jefferson, also a sophomore, loads the team in blocked shots. Melinda Wheeler, as a sophomore, is improving with experience and is expected to see a good deal of action next season. The defense is allowing an average of 43.9 points per game.

Some team offensive stats are 49.5 points per game average. The team has a shooting average of 44% from the field coupled with 68% from the foul line.

Young Team Does Well

1976 was the first year Dobbyns-Bennett organized a 9th grade Girls' basketball team, and started the tradition in the right way. Everyone on the team has contributed to the teams shining success, and their goal is to be 1st in the District, although they have high hopes of achieving at least second. Laura Morrisett is the high pointer for the team and Julia Hoover, the leading rebounder, with Caroline Stevens coming in for a close second.

J.V. — District Champs

The 1976-1977 Boys' Junior Varsity Basketball team turned in an outstanding record this season with 26 wins and only 4 losses. Scat Springs led the team setting various school records, one being 358 total points for the season, averaging 12 points per game. Springs also had 114 assists along with 128 turn overs with 30 of his 40 free throws dropping, Mark Baker led the team in this area, shooting 75% Wayne Conkin led the squad in rebounds pulling down 94 offensive and 124 defensive for a total of 218. Conkin also recovered the most balls with 86. Overall, the team scored 1859 points while giving up only 1286 points. Together, the baby Indians shot 44% with opponents only shooting 35%.

The papooses set many team records this season. They put forth the best defense in one half allowing only 2 points to be scored during one quarter, they also allowed not any points to be scored during one quarter. They also scored the most points in one game which was 97, along with scoring 1828 points throughout the season. Another team record broken was the most rebounds in one season, reset at 1048.

Even though the boys set so many records, the highlight of their season came in defeating Sullivan Central, 70-56, to gain the District Championship.

Hard luck Against J.C.

Dobyns-Bennett's first confrontation with Johnson City, this season, ended in disaster for D-B. The Tribe lost the game 53-49. This loss broke D-B's 29 game Big Nine Conference winning streak. Early in the game the Indians had a 23-12 lead but this was relinquished to the Toppers Dale Evans was the Indians leading scorer with 18 points. The second high scorer for D-B was Jeff Adrian with 8 points followed by Dave Begely with 7.

The second match-up of these teams ended in the manner; D-B lost 60-52. The Indians late in the game cut a 16 point lead to only lose by 8. Dale Evans lead the Indians in scoring with 17 points and had 10 rebounds. Dave Begley was the only other Indian in double figures with 10. Next in scoring was Jeff Adrian with 8 points followed by Greg Hickman with 6.

D-B vs. Central

The first contest between D-B and Central was a rout, D-B winning by a score of 75-61. Dale Evans was the man of the court by pumping in 22 points and dominating the boards with 16 rebounds. Dave Begley also had a good night with 18 points and 8 rebounds. Joe McMiller usually a defensive player, fired in 10 points.

In the second game between these rivals Central came out on top 58-57. Arthur Bradley led the Indians scoring this game with 15 points after recovering from a broken leg. Dale Evans scored 11 points while Dave Degley and Greg Hickman both had 8 points. The Indians lost the game in the last 20 seconds when a shot was missed and the cougars took it the length of the floor to score, making the final score 58-57

Vocational Wing Opens As Scheduled

A major concern of the Superintendents and the school board was opening the vocational wing by September 7. With long hours of work during the Labor Day weekend, the new addition opened for students as scheduled. Much equipment, however, did not arrive until the second semester.

In addition to three returning teachers, ten new teachers were added to the vocational staff. The new Director of Vocational Education was D. Walter Timms. Of the seventeen courses offered, twelve were new to the curriculum.

KNOW YOUR PRINCIPALS

What is your favorite food? Dr. Smotherman: Pot roast with a good supply of potatoes, carrots, and onions on the side. Mr. Adkins: Any type of seafood. Mr. Allen: cheese, cheese . . . Mr. Eckel: I like steak and potatoes.

What is your favorite place in the world and why? Dr. Smotherman: Probably an old farm place near Murfreesboro, Tennessee, where I spent many of my "growing up" days. It's still a place of calm and quiet and even the land still seems to say "welcome." Mr. Adkins: "Kingsport!" It's my favorite place because it is where I live and work, and I really like it. Mr. Allen: I like just being with my kids. Mr. Eckel: Home, relaxing in my favorite chair and watching T.V.

Principals Use Team Concept

Dr. Smotherman and the five Assistant Principals used the "team" concept for administration. All members provided input into the major decisions that affected the development of the school's program and its daily operations. In addition, each member maintained specific areas of responsibility. Dr. Robert Smotherman, principal, provided over all administrative and leadership responsibility for the entire school operations — curriculum, public relations, discipline, athletics, teacher and student affairs. Mr. Donald Adkins, associate principal, was responsible for discipline and attendance. Mr. Tom Allen, assistant principal, was in charge of general curriculum development. Mr. Anthony Eckel, assistant principal, took charge of club programs and intramural development, and assisted with discipline and attendance. Mr. Cecil Puckett, Director of Student Activities, was in charge of the operations of the Activity Office — ticket sales, operation of the stadium and gym. Dr. Walter Timm, Director of Vocational Education, was in charge of the general operations of the school's nineteenth vocational programs. Each one of these men work together to provide the leadership for a student body of over 2,000.

New Faces Join Guidance Department

Mr. Hicks and Mrs. Barbara Bailey joined the guidance counselors this past year. Mr. Hicks, from Sevier, and Mrs. Bailey, from Tennessee High, assisted the other counselors with the increased work load resulting from the addition of the ninth grade.

Working together, the Guidance Department focused on the need for opportunities to learn more about career choices available in the rapidly expanding world of work. Mr. Ingram, speaking for the department, expressed the fact that "better knowledge of career opportunities leads to better career choices."

How Do You Feel About Your English Class?

Tom Elmlinger — "Thrills, spills, chills, and a bottle of asprin."

Joan Young — "A good class, but causes writer's cramps."

Karen Tootle — "Loads of fun! The week-long papers give me something to do to fill up my time, and Willard Funk is a real learning experience."

Beth Chandler — "If only we had time to complete the work before it's due!"

David Earles — "English Mastery is a very helpful class, and I would encourage anyone who has problems in English classes to take the course."

Kim Dockery — "Miss Ellis tries very hard to teach us."

Sandy Hall — "It's a good class. But it's always cold because she keeps the window open. You learn a lot."

Alpha McNeil — "I like Short Story because the teacher is hyperactive."

Shawn Frost — "Without the liveliness of the teacher, it would be nothing but a bore."

Robin Correll — "It's a different kind of English. You don't stay on one thing for six weeks. It's not boring, and it's a whole lot better than grammer."

Patti Gott — "Creative Writing is a LOT of writing and a little bit of madness!"

Greg Crawford — "The only class where you can write crazy nonsense and pass."

Paul Harrison — "What a way to end the day!"

Libby Jones — "It's fun, crazy, never boring. I love it!"

Changes Made In The Art Dpt.

The Art Department was moved from the English pod to the one near the main gym. There were also two new teachers this year, Mrs. Sandra Corum and Miss Gay Nell McDavid.

There were also changes made in the Art program. Beginning students, instead of Art I, took Art Fundamentals, a half year course. If they wished to continue in Art, they chose other half year courses, which had Art Fundamentals as a prerequisite.

For those students who wanted a background in advanced Art, two half year courses were offered: Advanced Projects in Art and Advanced Projects in Crafts. The courses required two full units of Art and teacher recommendation as a prerequisite.

On-The-Job Training Offered By Two Programs

Both Distributive Education and Vocational Education offered cooperative on-the-job training along with related classroom instruction. Students enrolled in these courses were released two or three periods a day to work in various businesses and industries in Kingsport. Their training on the job counted as a portion of their grade for the two-credit course.

Kingsport businessmen cooperated with the school through these two programs to provide students with work experience. Again, area businessmen employed over 125 students through the cooperative programs.

Home Economics Courses Improve Family Living

The main goal in the Home Economics courses was to improve family living and to prepare the students, boys and girls, to be homemakes and wage-earners.

Family Living, a co-eduational course, prepares students to deal with relationships, family decisions, money management, and the role of parents. The teachers felt that if boys had enrolled in the course, it would have been much more effective.

Federal Government Classes Form Political Parties

The Federal Government classes formed two mock political parties: the American Freedom party and the Saturday Nite party. Each party formed committees, nominated candidates for President and Vice-President, and took "contributions" from corporations and organizations.

Each person in both the two Federal Government classes drew numbers for states and were assigned the number of electoral votes for the state he drew.

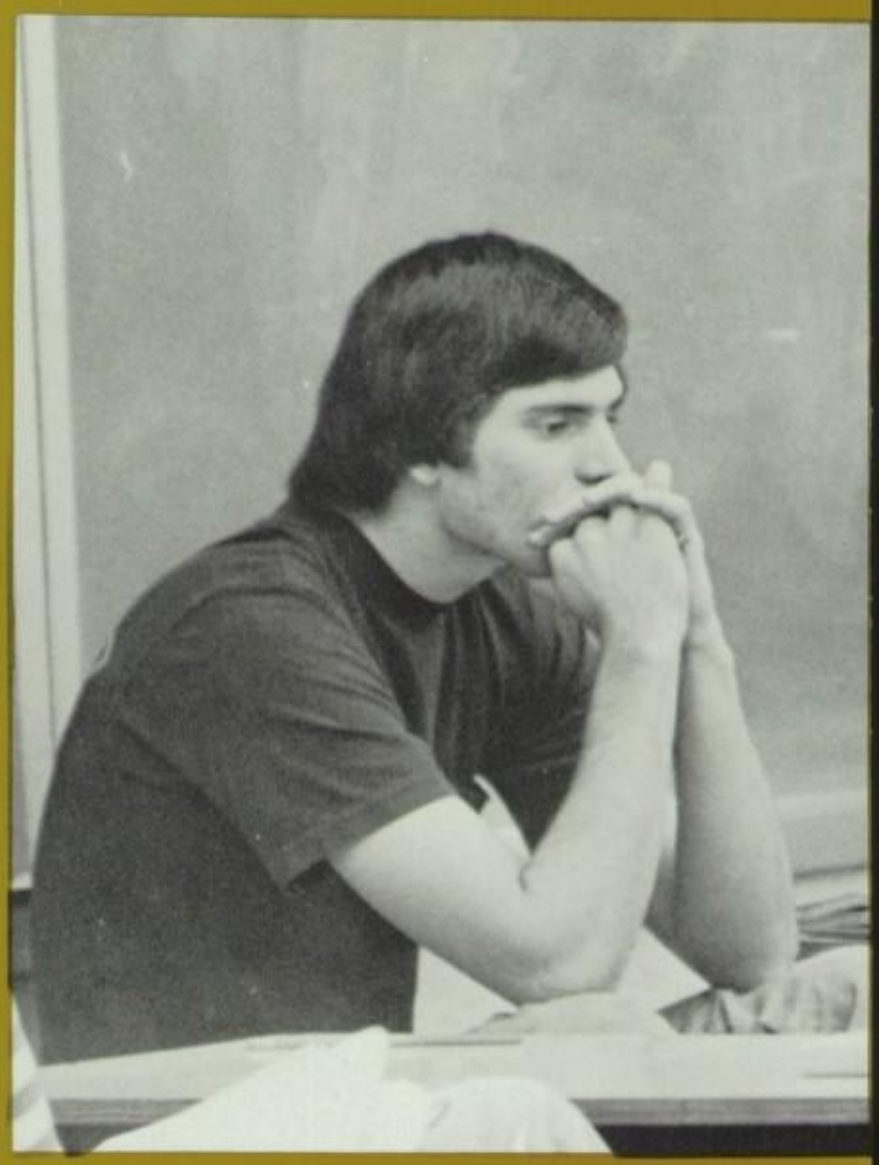
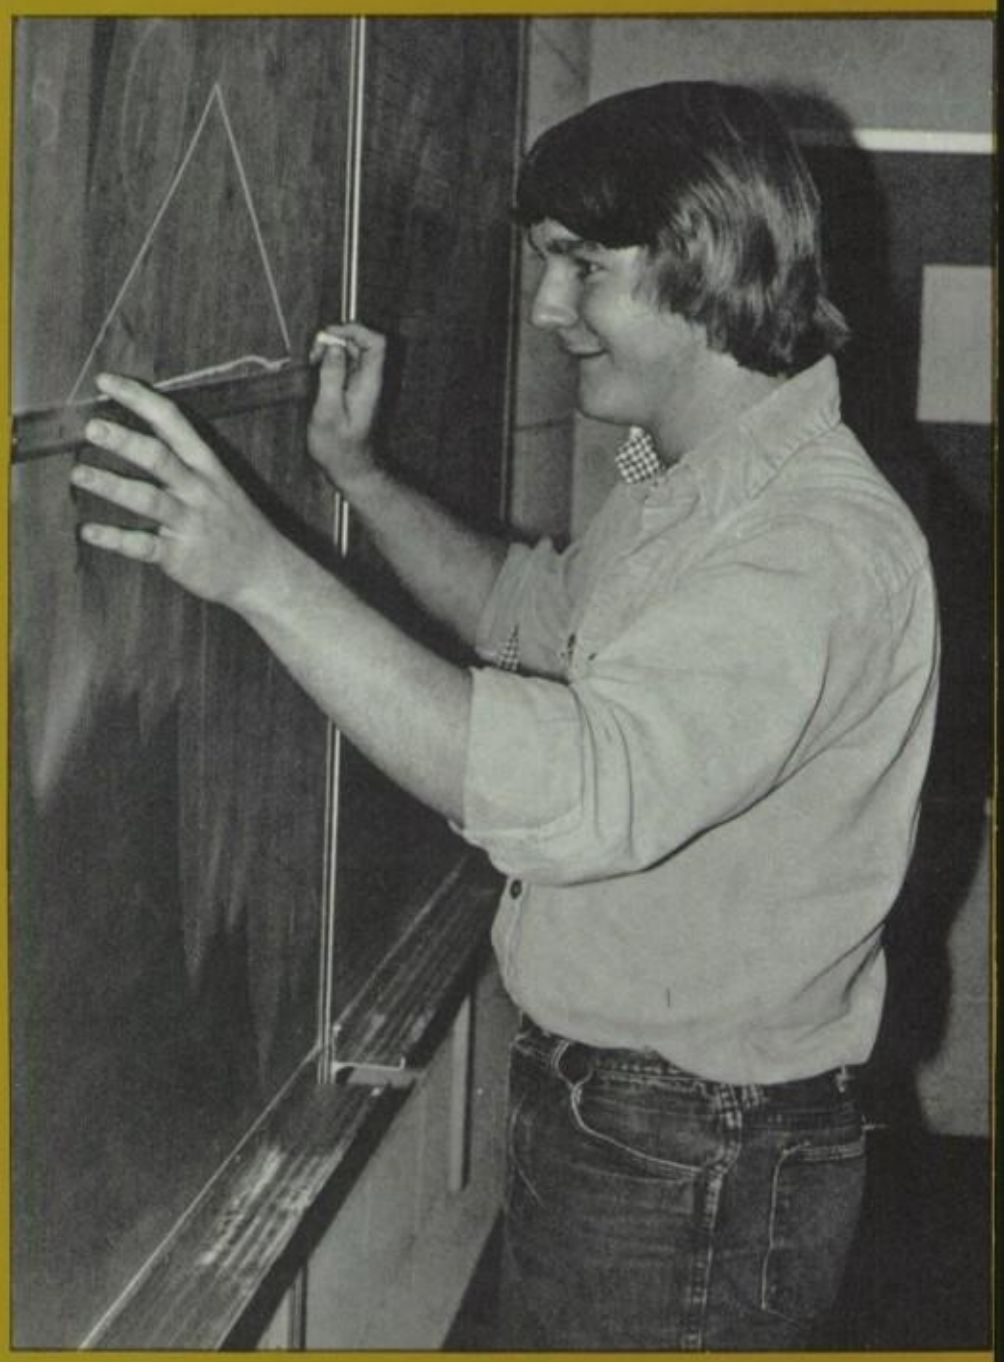
Math Department Introduces New Courses

This year, the computers that were to be used in the Computer Math course did not arrive at the beginning of the first semester. While waiting for the computers to arrive, the Computer Math students not only studied Basic, the language they used to program the computers, but studied computer history as well. They also did reports on some uses of computers.





Dear Peter,

I'm glad to have a chance to be in class with you this year. I wish I had your brains for math, but most of the time I feel like Mr. O'Dell is talking over my head. Oh well, I've never planned on a math major so I won't have to worry about that I guess. Good luck next year - I know you're going to do well in college.

Students Receive Credit For Driver's Education

For the first time ever, Driver's Education students received credit for the course. In past years, the course was required; but students earned no credit for it. This year, though it was still required for graduation, students earned a half-credit for the class.

The instruction remained the same as in past years. It consisted of four departments of training. One part, classroom, lasted six weeks. The students viewed films from which they learned basic points of driving techniques by simulating actual traffic conditions. The range instructed students about actual driving under controlled conditions. On-the-street driving taught the student proper driving procedures in actual traffic.

V.O.E. Added

Vocational Office Education was a new addition to the curriculum. This course, taught by Mrs. Lois Thayer, was a comprehensive and intensive training program designed to offer high school students the opportunity to prepare for a career in an office occupation. In preparation for job placement, students learned such basic office skills as shorthand, bookkeeping, and operating office machinery. The last six weeks of school they operated a model corporation, utilizing the office skills learned during the year's study. Only seniors may take VOE. For prerequisites, students were required to have at least two years of typing and preferably one year of bookkeeping. Upon completion of the course, the student would qualify for such positions as clerk-typist, file clerk, key punch operator, and office machinist.

Health Occupations Offers Basic Skills

Health Occupations, a new course this year, was offered as a semester course, a full year course, or as a three-hour block. The semester course, usually taken by freshmen, was designed to acquaint the students with career opportunities in varied health occupations. The full year course, usually taken by juniors and seniors, was designed to introduce students to career opportunities and basic skills of selected health occupations. The three-hour block was also designed for juniors and seniors. It prepared students for careers in the health occupations by simulating actual facilities and situations encountered on the job.

Changed in recent years from a full to half credit course, Health necessarily changed its course offering. The study is much less detailed and more centered on practical application of knowledge to daily living.

Included in the course were units dealing with drugs and drug abuse, venereal disease, first aid as a sort of learn by doing unit, nutrition and proper diet, anatomy and physiology of the human body, mental health as a very general study, and communicable diseases.

In September 1977 Dobyns-Bennett began its first year as a comprehensive high school. Before the state would allocate funds for a new wing to house the new vocational courses, the school had to bring the freshman class to the high school facility. Having the ninth grade at the high school made possible four year job-oriented programs.

The vocational wing was completed only the weekend before students arrived the first day of school. However, because of red tape at the state level, most courses began with little or no equipment. Showing a spirit of corperation and determination to make the vocational wing a success, industries made equipment available until the new equipment arrived.

Broadcasting Offers Studio Experience

Television Broadcasting gave students a broader base to the Vocational Education program. It offered specialized laboratory and studio experiences and was concerned with the skills necessary for television program production and communication. Broadcasting combined technical skills and training with performing arts and communication skills.

Ten years ago, Dobyns-Bennett became the first high school in Tennessee to offer Television Broadcasting as an academic credit. This past year it was one of three high schools in Tennessee to have complete TV studio facilities for Vocational Education training.

Top: Play it again. Chris Goins. **Center Left:** Tony Strong, Ronnie Range, Kent Shafferman, and Blaze Yamona in T.V. Broadcasting. **Center Right:** Dee Taylor speaks his mind while Mike Simpson captures it on film. **Bottom:** Kim France, Steve Strickland, Kristi Moore, Tom Bennett, Reid Brogden, Steve Brunson, and Terry Scofield get it together in TV Broadcasting class.

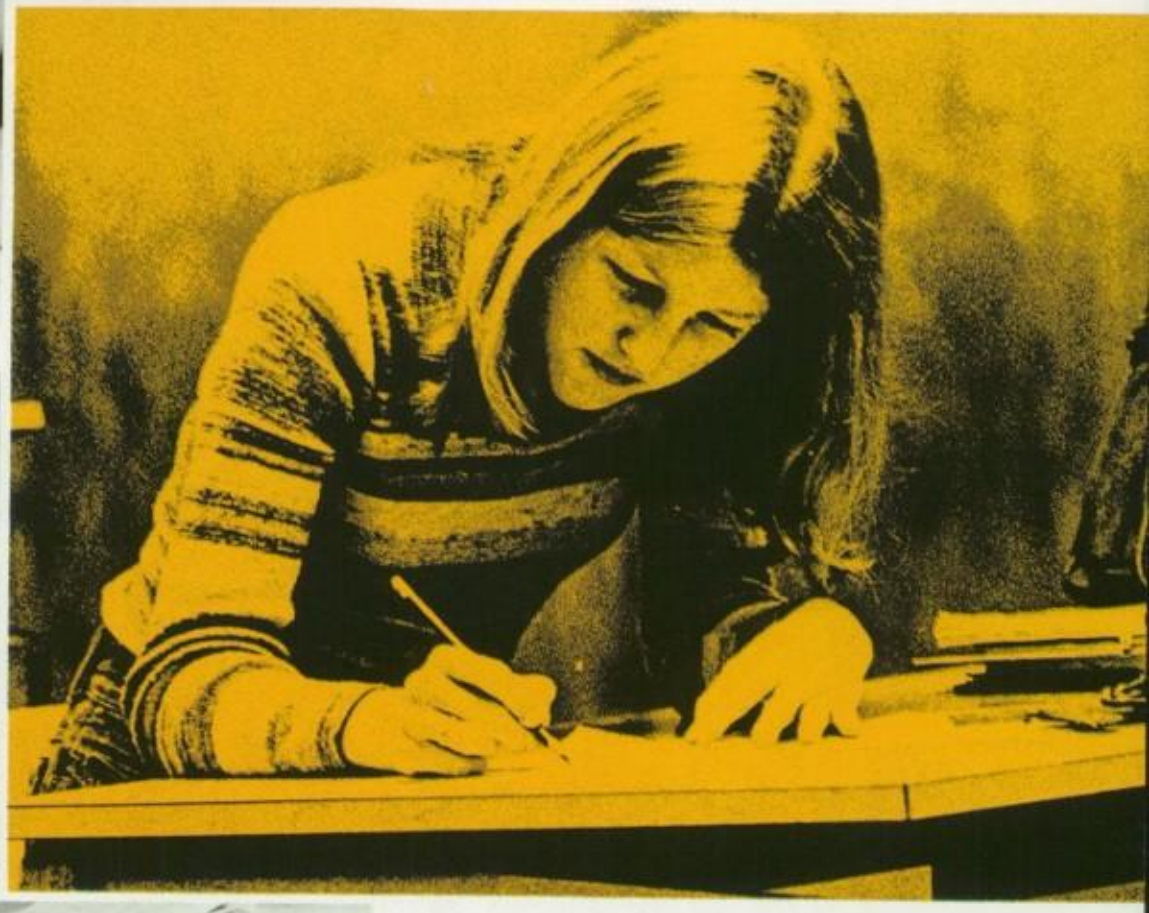
Dear Peter,
Well, at least we've made it through our junior year. Next year will be worse! It was fun being in your A.P. Chemistry class (for 5 wks, at least). Good luck & have a good summer!
Christine

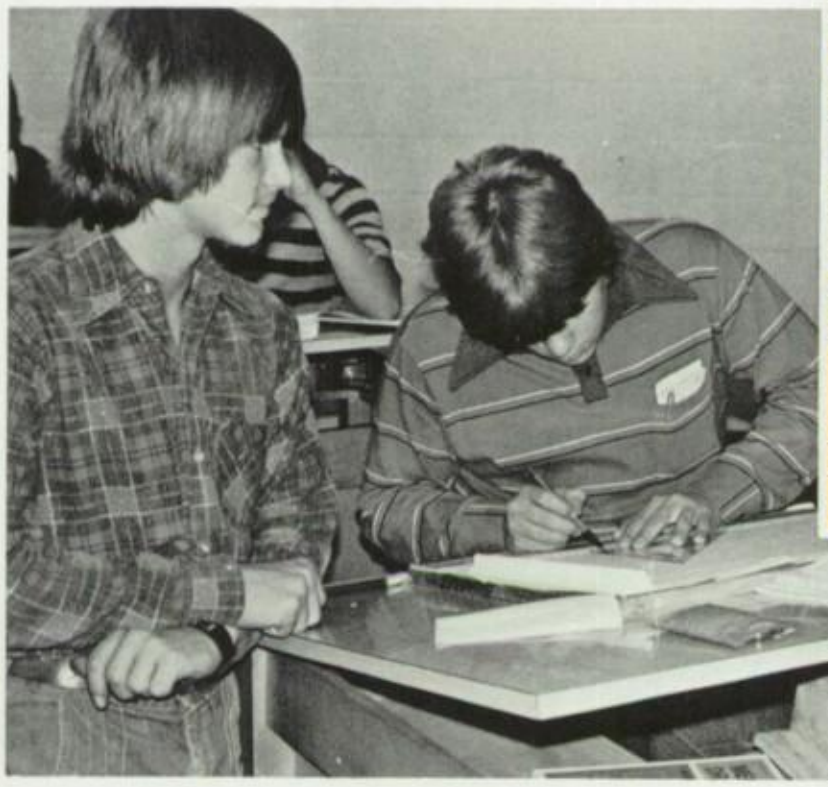
Auto Mechanics And Body Repair Courses Open Up New Job Opportunities For D.B. Students

Top: Brad Leben balances a tire for a faculty member. **Center Left:** "Let's see. This wire goes here. That hose goes there. And . . . where does this go?" **Center Right:** "When all else fails, read the instructions" Paul Cox decides. **Bottom Left:** Jeff Sharett puts some elbow grease into his work. **Bottom Right:** Joe White examines his sanding job.

Drafting Students Tour Industry

Students who had considered careers in architecture, interior design, and engineering discovered that the courses necessary for preparations in these fields were in the new drafting classes at Dobyns-Bennett. Vocational Drafting was an extension of the mechanical drawing classes previously offered at Dobyns-Bennett. Beginners in these new drafting courses learned the basics, while the more advanced students learned skills that provided them with a lead into industrial apprenticeship programs. In addition to these regular classroom activities, students toured local industrial plants and listened to knowledgeable speakers who told them what to expect on the job.





Top Right: Mechanical Drawing takes patience and a steady hand. **Top Left:** Terry Laughlin works intently on a house plan. **Center Right:** Tricia Gaines prepares a fast sketch. **Center Left:** Tim Irick and Jim Peregoy look on as Robbie Alley completes his drawing. **Bottom:** David Patton and Silas Biddison survey a project in mechanical drawing. **Opposite Page — Top Right:** Misty Light really enjoy Graphic Arts! **Opposite — Center Left:** Johnny Blackwell lays out a basketball program. **Opposite — Center Right:** Joey Tranbarger. **Opposite: Bottom Left:** Ronnie Burke adjusts a printing press. **Opposite — Bottom Center:** "Bean" Bailey prepares the press for the next runoff. **Opposite Bottom Right:** Reva Leeper selects some letters from the type cabinet.

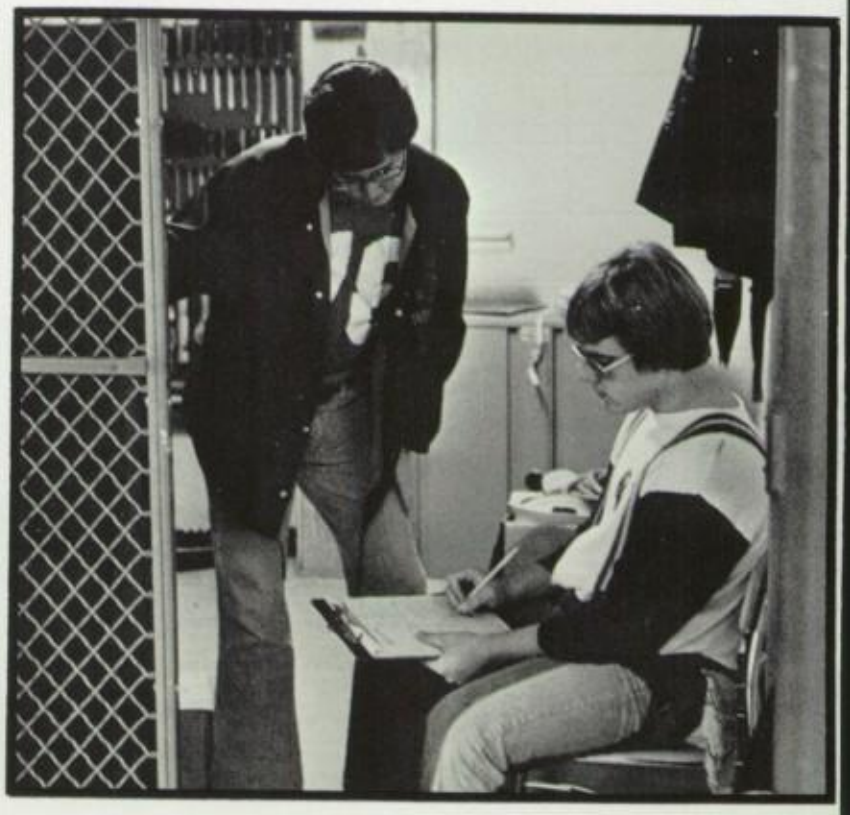
Students Print School Materials

Graphic Arts dealt primarily with printing and other related processes such as coallating, stapling and stitching, and silk-screening.

The Graphic Arts Department performed useful services for the school, including the printing football, basketball and Indian Tribune, **Impressions,** and various office forms.

Metal and Building Trades Courses Provide Students With Marketable Skills

Top: Todd Rhine, and Rick Murrell watch Mark Christian sawing a piece of wood. **Center Left:** Mr. McConnell examines the blade guard for the bench saw. **Center Right:** Billy Jennings, Wayne Lady, Terry Morelock, and Frank Selvage turn a piece of metal on a lathe in Metal Trades. **Bottom Left:** Mark Starnes and Danny Jones practice their hammering in Building Trades. **Bottom Right:** Mark Henesley helps Andy Singleton "check out" some tools from the cage.



5/24/77 Hello Peter It's a high experience to "scribe" in your book. It's not everyday one has the honor and pleasure to write in the book of one who will go out from us a ~~to~~ year ahead of time. You conduct since being with us, points to the achievement you have received. Keep growing. Thank you,
Curtis Thomas

Peter, It has been fun working with you and knowing you. Sincerely, Ms. Groseclose

Top: Tim Coe crams in a homework assignment during a slow period at circulation desk. **Upper Center:** Jerry Caldwell, Skip Rhoten, Jeff Gardner, and Sheila Chaney enjoy a lighter moment in the library. **Lower Left, Center:** Terra Morris examines the product of her first effort with the copying machine. **Lower Right, Center:** Jeff McKamey finds an article in Myshell Wilson's magazine intriquing. **Bottom Left:** Squeaky Cox takes advantage of the library facilities.

Dear Peter,
Your devotion to your studies will carry you far and to the top in your chosen field of employment. It is a pleasure having students of your calibre at L.B.!
Best wishes for the future.
Sincerely,
Mildred Smith

Hey Peter,

Well this year's about over and its been lots of "fun". Chemistry class just about blew my mind. Trig and Alg 3 weren't much better. Remember 6th grade and Miss Collins. That was a long time ago. Congratulations on getting to graduate early. Good luck in everything. You're going to be really successful some day and I wish you the best in everything. Be good and stay sweet like you are.

Love ya,
Priscilla

German Club; Mr. Hutson's German students corresponded regularly with German pen pals and exchanged cassette tapes with them three or four times a year. This correspondence began in 1973 with a letter addressed Municipal High School (or nearest by), Department of Modern Language, Kingsport, Tennessee, U.S.A. As an English project, Gabi Grube was to find some pen pals for her classmates. So she took a dart and threw it at a map of the United States. It landed in the vicinity of Kingsport, Tennessee. As a result of Gabi's project, teenagers in Hamburg, Germany, and in Kingsport have exchanged many ideas on the culture of their respective nations.

Junior Classical League: The Junior Classical League, sponsored by Miss Cross, kept themselves busy with many diverse projects this year. Most of the money earned was used for the state convention held this year in Memphis. They also made baskets and collected money for needy people. Among their money-making projects were car washes, candy sales and rummage and bake sales.

The JCL derived its name from that of national and state organizations. Mrs. Elmore, now retired, helped to form the state JCL, whose convention the local chapter has attended every year. The purpose of the JCL was to promote interest in the classics and to study the heritage we have gained from the Greek and Latin cultures.

Pete, I'd like to express my thanks for your assistance in some of the tougher courses. The world of science is in for a shock when you make your debut. Your scientific genuis may be compared to but a very, very few people. Your future may yield the world another Einstein.

With Admiration and Respect,
James J. Powers III

Scribblers' Club: For the past three years the Scribblers' Club produced their annual publication, **Impressions.** Two editions of the prose and poetry magazine have been produced. Both were printed in Graphic Arts. This magazine was written mainly by the Creative Writing students, though other students did contribute to it. Artwork was sparingly used. The profits were saved for the next year's edition.

The only requirements of the Scribblers' Club was an interest in writing. Though Creative writing was not required, most club members took the class before joining the club.

Art Club: The art club was composed of a group of students interested in promoting art within the academic environment. The students pursued this goal by means of displays, exhibits, programs, as well as various indisciplinary projects. In the development of these school-oriented projects, the students shared and exchanged ideas, seeking to improve their own skills. The art club was the nucleus of students whose interests extend beyond the bounds of the classroom.

Well another year this will be my last one I guess. I wish you
ter another year is almost gone. all the best things in life. I'm glad I got to know you this
year. You just told me you were going to go to Cornell U. It's a
fine school Pete and you deserve it. If you ever get back
down this way come to Vanderbilt and look me and Chip up.
You'll have to excuse this being short but I'm one of the worst
writers in the world. Keep up the good work Pete and I'm
sure you'll go far. your fuend

Student Council: The student council sponsored many activi
ties during the year. Some activities were football homecoming
school programs, workshops, and the juke box in the cafeteria
The council also took the responsibility of sending flowers t
students in the hospital. Again the council planned its studen
exchange with another high school in the United States. Th
exchange program provided a Source of many new ideas. Th
Student Council also supervised all school elections.

Octagon Organizers: This year the organizational year for the Dobyns-Bennett Octagon Club. The club was sponsored by the South Optimist Club of Kingsport. The purpose of this organization was to provide opportunities for members to participate in community serving activities, develop leadership abilities, and prepare for responsible roles in society. Any boy or girl who was a full-time 10th, 11th or 12th grade student at Dobyns- Bennett was eligible for membership. Ms. Dudney is the sponsor.

Hiking Club: The hiking club consists of a sturdy group of people, diverse in their abilities and interests — yet sharing a healthy craving for physical exercise and a love for natural beauty. Ms. Brooks is the sponsor.

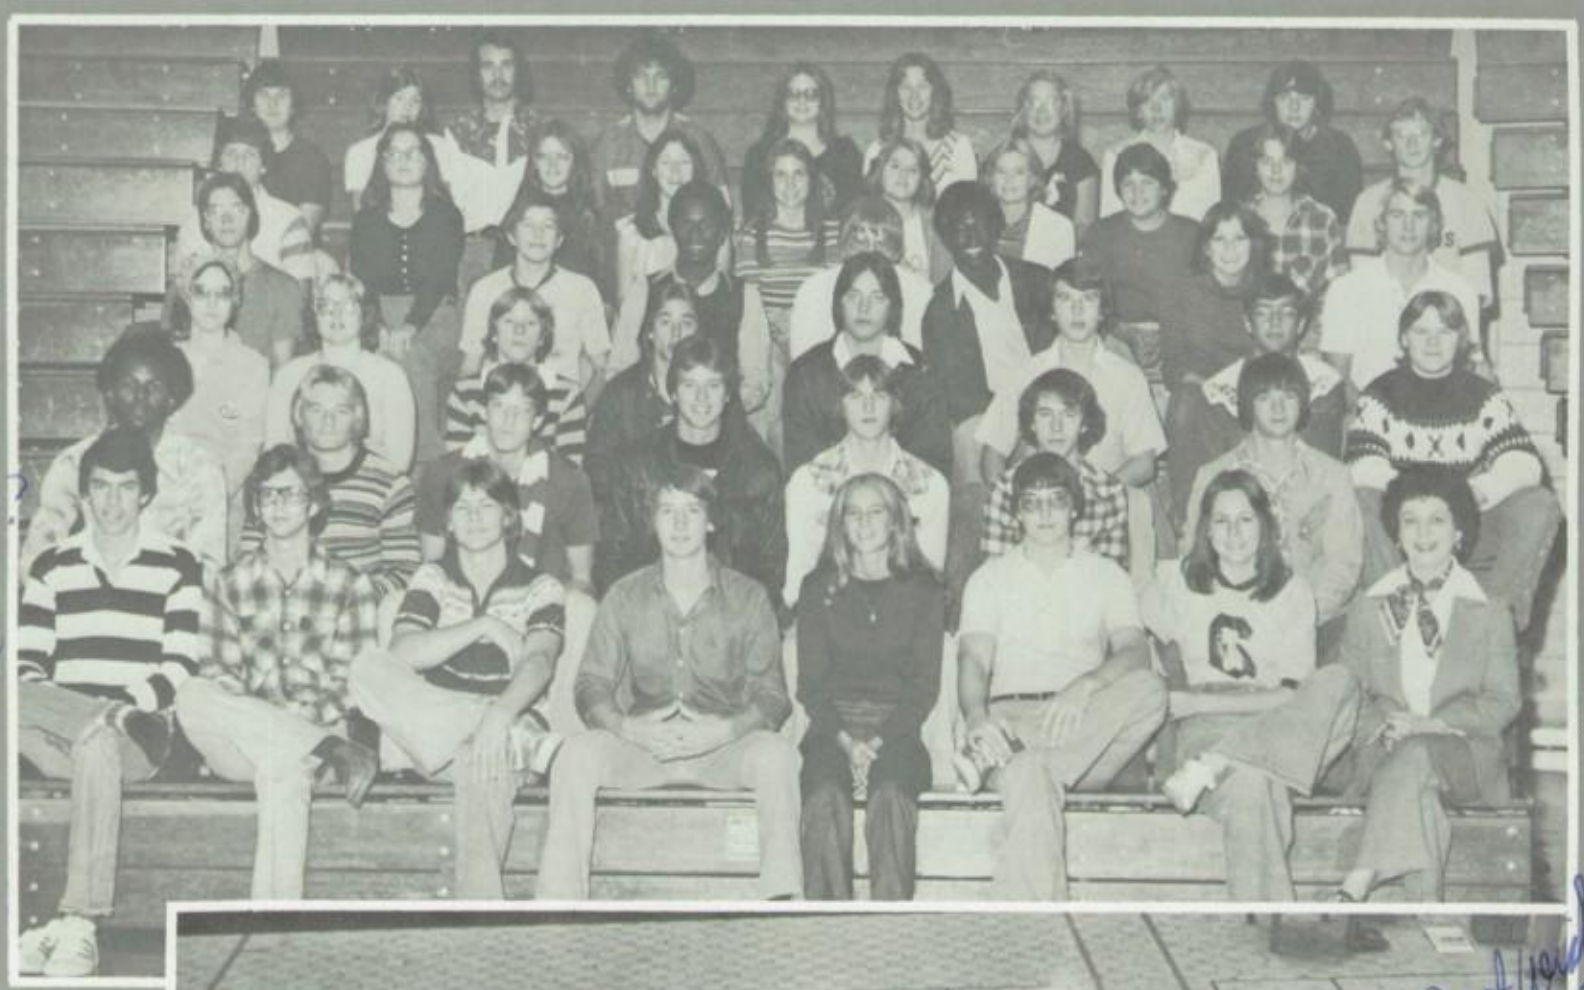
T.V. Broadcasting Club: The T.V. Broadcasting Club proved once again an important asset to the school as producers & performers of "Homeroom on T.V." and the Annual presentation of the "T.V. Talent Show." The Talent Show provided a showcase for talented students and gave them an opportunity to learn broadcasting & performing technique.

Library Club: Early in the year, library club members gave the library a face-lift. The materials and equipment in the workroom were moved to a new location, which was more convenient to the office areas. In the main reading room, the circulation desk and the lounge area were re-arranged and additional seating was added. Students on the club helped carry about 1,000 magazine files to their new location in this library "Operation Move." As a result, better and more efficient services were provided for students and faculty.



Peter,
You're so smart + intelligent, do ya think you could lend me some of those brains? Just kidding! This year has gone by so fast, I wish I had had a class or two with you. Peter, you're a really nice guy and I'd love to get to know ya better. Have a nice day and summer and be careful. Good luck in everything you do.

Love ya always,
Shanne

Best Wishes Peter a very fine Student + Man

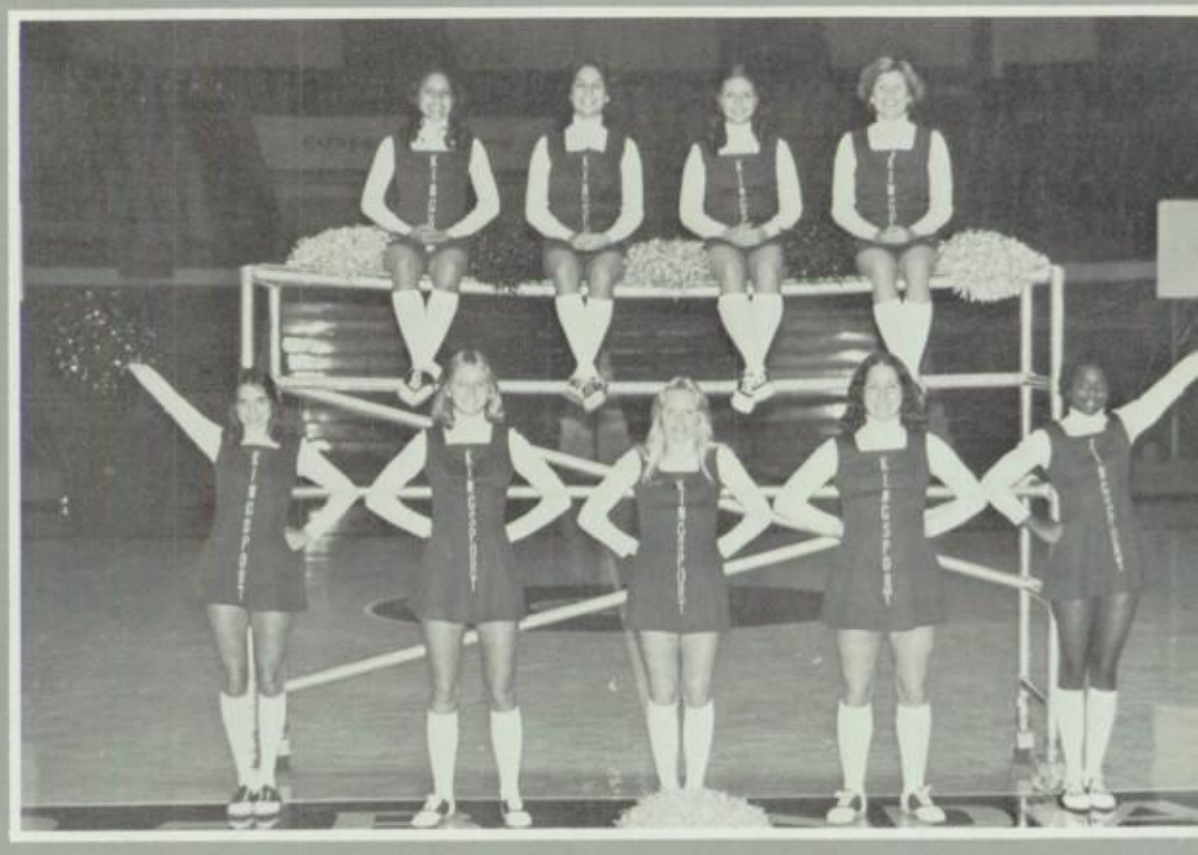

Graphic Art Club: The D.B. Graphic Art Club, open to all graphic arts students, was a chartered member of the Tennessee Chapter of the American Industrial Arts Student Association. The local chapter was established to help the students in classroom problems. The club printed and promoted such projects as basketball and football programs. Mr. Sopko was the advisor; Jeff Morelock was the president.

Amateur Radio Club: Amateur Radio is the only hobby licensed by the United States Government through the Federal Communications Commission. The Dobyns-Bennett Amateur Radio Club offered its members the opportunity to enter this Worldwide hobby, acquire a license or "ticket", and communicate with other amateurs — across town, across the state or around the world.

The Amateur Radio Activities included ordinary "rag-chewing," message and traffic handling, D-X contests and electronic experimentation — not to mention the assistance provided during disaster or emergency situations.

Junior Civitans: Junior Civitan was a service club for youth, tailored specifically for training young people to become "Builders of Good Citizenship" in the home, the school, and the community. Through service projects, club activities and individual ideas, the group worked together to promote and encourage **unselfish service** to others.

Interact: Interact Club of Dobyns-Bennett purchased new pom-poms for the 1976-77 Varsity Cheerleaders. These pom-poms were to be passed on to future cheerleaders. On Labor Day members of the club worked at the Jerry Lewis Telethon. In September the club donated $25 to the fight against Muscular Dystrophy.

The Interact Club, sponsored by the Kingsport Chapter of Rotary International, worked to serve both the school and the community. Interact members attended the weekly business luncheons of Rotary. Advisors William Hull and Gary Martin piloted the club. This year's officers were Keith Osborne, President; Bill Rowland, Vice-President; Ken Pearson, Secretary; Reggi Burch, Treasurer; Jim Sipe, Sargent-at-Arms.

F.C.A.: F.C.A. was an organization of athletes, men and women, - joined in Christian fellowship. Young men and women worked and played together with the common objective of coming closer to Christ and each other. Activities included weekly meetings, public service projects, a spring picnic, and sports activities.

The orchestra program came to Dobyns-Bennett this year. The string students met on a daily basis as an academic class. The wind players, taken from the varsity band, joined the group at scheduled times. When the entire group combined, it numbered about forty players.

The Dobyns-Bennett orchestra is a first in the history of the school. It is hoped that this group will be the beginning of an outstanding program for the school.

Peter,
It has really been a lot of fun being in AP Chemistry with you this year. I appreciate the help on labs — remember when Janet & I would be wondering what to do & we would come running to you. I hope that U a really enjoy Cornell and I know you will. Maybe I'll see you at MIT someday — that's a laugh! you'll be there — but never me. (I'm so dumb) Have a great summer. Keep in touch. Peter,

You're an outstanding student and it's been a privilege to be in A.P. Physics with you. If you stay at D-B you'll be #1. If you don't, good luck in College.

Scott

1) Scott Arnold believes in "honesty as the best policy", eating, and the American Way. He likes math, pepperoni pizza, and tennis. His enjoyment of tennis helped him get a spot on the tennis team. After high school, Scott plans to major in computer science. 2) Randy Duncan is a quiet, friendly person whose favorite hobby is collecting money — to spend! He enjoys basketball, volleyball, french fries, and physics. His least favorite subject is English. Why? "Je ne sais pas." 3) Mary Fanslow is an intelligent, sincere person. She admires Helen Keller for her benefit to society despite great handicaps. Her personal philisophy is "try to do your best in all endeavors." Mary likes hamburgers, tennis, and reading. 4) Forrest Goodwin is an easy going person who believes in "taking one day at a time and not worrying about tomorrow." His spare time is often spent playing table tennis, participating in Junior Achievement, or watching T.V. Forrest's favorites include egg rolls, table tennis, the Eagles, and math. He plans a career in engineering. 5) Cheryl Henderson could be described as cheerful, thoughtful, and optimistic. She likes chocolate in any form, hiking or walking in the mountains, and anything by Chicago. She most admires her grandmother who always did the most she could for everyone with a cheerful smile and never a complaining word. Cheryl is planning a career in computer science after graduation.

Peter, Its been great knowing you this year! If you go to college this year - have a great time Good luck and Best Wishes for the future!
Kent Godin

1) Jane Reed is an active, out- going person. She plays tennis for the girls' tennis team and is on the National Ski Patrol at Beech Mountain, NC. She is interested in Veterinary medicine or medicine. 2) Amy Smith is a creative, intelligent person. She enjoys any activity that is challenging and fun. Her favorite foods are fried shrimp and onion rings. Amy plans to become a constitutional lawyer. 3) Barbara Thompson is a very artistically talented person. She likes peanut butter but it's not because of her politics. Barbara likes watching football, and since she learned to water ski last summer, she wants to participate in this sport more. 4) Sparked with imagination and creativity, Martha Wooten devoted much of her senior year to the responsibilities of editor-in-chief of the **Maroon and Grey** annual staff. Martha likes working on the annual, pizza, and Chicago. After college Martha hopes to pursue a career in advertising, living somewhere near the ocean. 5) Friends of Joan Young consider her "to be dependable, mature and to have a good sense of humor." Her favorite foods are fresh fruit and brownies. Her least favorite subject is **Six Weeks to Words of Power,** by Wilfred Junk, "because I always forget about it and stay up most of Thursday night studying for it."

Peter,
I wish I could understand Physics as well as you do! I can understand some of it, such as E = IR, but that's about it. Remember Mr Owens + Physics and that great trip to Johnson cats? Good luck next year at whatever school you going to. Have fun - Jean Young

the Challenge

From the atom to the sun . . . the universe pulsates with energy in many forms.

The challenge is to find ways . . . new ways . . . to utilize the earth's vast storehouse of fuels in providing the energy needed for this nation to continue to be great.

The means—innovative technologies, exotic engineering, dynamic architecture—exciting advances that must come if man is to tap Nature's lode for the energies he needs.

From the smallest part of the universe to the largest . . . that's the scope of the energy field today. The opportunity for personal achievement is infinite; the challenge, one that must be met.

A diploma is worthless.

But what it stands for isn't.
A diploma stands for a lot of time,
hard work, study, and personal commitment.
You don't receive a diploma,
you earn it.
And when you do, it's because you
have what it takes to get
the job done.
Even though you probably couldn't
sell your diploma for a quarter,
remember you can't
buy one for all the money in the world.

I haven't ever got to talk with you but as much as I can tell you're a great person. And I don't know what to say - June asking me to sign your annual. But as my best Graduate, I know You may not realize it, but we've been going to school together. Over a rather long time we've been going to school with some of our books. Kingsport Press is one of the nations largest book manufacturers. We employ over 3000 area people in some 300 occupations. Undoubtedly some 1977 graduates will be among our future employees. As you look forward to your future, we wish you the best of luck. And Thanks for letting us sign your annual.

The American Free Enterprise System

There is no greater service to mankind than to operate a business or industry fairly and profitably, to provide jobs in the community, and to produce goods which satisfy our needs.

Free enterprise has made America great. American business at work in the free enterprise system serves mankind better than any other system in the world. We need to understand the free enterprise system and to help others to understand it so that it will never be lost.

Peter,
This has really been a good year. Herr Hutson's class was a really hard one for me. It was also one of the most peculiar. I hope you had a good year this year. Good luck in your senior year. See you next year. Maybe we will be in the same Deutsch class again.
ANN EDWARDS

Eastman: Free Enterprise at Work

The Company is proud of the contribution Eastman people have made to the progress of their communities. By growing and prospering, Eastman makes a contribution to the economy of the area.

Through wages, salaries and benefits paid, materials purchased, taxes, and transportation costs paid in Kingsport, Eastman's contribution to the area's economy has grown steadily through the years. For the year 1975 this contribution exceeded $322,200,000.*

Peter,
Remember der Herr Jerr and Deutschtage! I'm glad this year is finally over, aren't you? Remember the Deli and listening to das Tonband. I hope to see you this summer.

Peter,
I can't believe you're graduating. You stayed in our class all the way through Senior, but then you passed us up and are graduating a year early. You always were smart. Remember first semester with Mrs. Cumley in Am. Lit. I believe you were the only one who ever made an A. Don't forget add. comp. 2nd semester those papers were hard to write. Good luck & Best Wishes. Congratulations on getting out of here early.

Love ya,

Peter,

Wasn't Chinese beer fun (especially since it took Phase 3?!) Some people get in at Cornell (Lucky, lucky) but I can't complain. Science Seminar was really fun, too, wasn't it?! Didn't I make some strange instructions. Have fun in later life and remember we always freezing in Chicago!

Hello Peter- Finally we've almost reached graduation, & I'm ready to go. College will be rough, but a welcome change. I'll always remember Mr. Owen's farm and the JETS Club outings, as well a AP Math and all that differentiation! Good luck at School next year, wish me luck too. See you at graduation, I guess we'll both be near the end of the line.

Love always,

Peter,

Well the year is finally over, aren't you glad? I've enjoyed having you in Mr. Odell's Math class this year. I'm glad I've known you all these years (since Sevier). I'll miss you next year when you go to College. Rem/ when we played in the "Pit" for the "Sound of Music"? That was fun. And remember the All State East Clinic? I wish I had gone ice skating with yall. Rem/ when I substituted for David Koth when he got sick for the Spring Concert? I did pretty good considering I had only seen the music that day. Well, have a great summer and you'll have to come visit US sometime. Good Luck at college and in the future.

For their help and cooperation in the production of the 1977 **Maroon and Grey,** I would like to express my thanks to the following people:

Maroon and Grey Staff — Completed deadlines
Ms. Brenda Whitt — Editorial sponsor
Mr. Ed Bailey — Am. Yearbook Co. Representative
Mr. Waldo Smith — Business sponsor
Mr. Mike Davis — Olan Mills Studios Representative
Kingsport Times News — Photography
John Fluce — Photography
Tim Coe — Photography
Administration, Faculty and Students — Their cooperation
Robin Jones and Melissa Phillips — Classes Section Typing

The yearbook could never have been completed without their assistance and interest.

Peter,
I've really enjoyed having you sitting next to me in Deutsch class. It was nice having someone who would help me out every once in awhile. I hope you have good luck at Cornell next year. You should be really proud to be accepted there, especially in your Junior year. Oh well, Hab's ja einen gut Sommer!

John Jennings

Peter,
Wow this has been a super year! Remember all the fun sectionals we had back in the instrument room. Also remember all those rehearsals. Good luck next year!
Love ya,
Martha
